KUCCPS extends application deadline for Placement to Universities and Colleges

Nairobi, February 16, 2024

The Kenya Universities and Colleges Central Placement Service (KUCCPS) opened application for placement of students to universities and colleges on February 7, 2024. The application targets the 2023 Kenya Certificate of Secondary Education (KCSE) candidates and Form Four leavers from other years to 2000.

Only the 2023 candidates can apply for degree programmes in universities. Those from all other years can apply for courses offered at the Open University of Kenya, Technical and Vocational Education and Training (TVET) institutions, Teacher Training Colleges and the Kenya Medical Training College.

In the spirit of ensuring that no one is left behind, KUCCPS has extended the application deadline to February 26, 2024.

The number of applicants selecting degree programmes is higher than those applying for TVET courses so far. KUCCPS encourages those with mean grades between C and E to take advantage of the available TVET opportunities.

Particularly, applicants with D+ and E are still very low and we are encouraging them to apply. They should walk into their nearest TVET institution for assistance.

We have implemented measures to ensure that applicants are adequately supported. In addition, we are working with Huduma Centres and various universities and colleges to guide applicants. A list of the support centres is available on the KUCCPS website www.kuccps.ac.ke.

Therefore, I take this opportunity to assure all those seeking training opportunities through the KUCCPS portal that no one will be left behind.

**DR. AGNES MERCY WAHOME,
CHIEF EXECUTIVE OFFICER**

About KUCCPS

The Kenya Universities and Colleges Central Placement Service (KUCCPS) is a State Corporation established under the Universities Act No. 42 of 2012 to co-ordinate placement of government sponsored students to universities and colleges; disseminate information on available programmes, their costs and the areas of study prioritized by the government and develop career guidance programmes for the benefit of students, among other functions.

Science Research and Education in Africa Alain L. Fymat,Joachim Kapalanga,2017-03-07 For various economic and political reasons many African countries lag behind the rest of the industrialised world in scientific and medical research and development However the presence of intellectual islands scattered across the continent gives hope that this is only a transient situation on the cusp of undergoing a profound and beneficial change For this reason the Society for the Advancement of Science in Africa was established to catalyse and

contribute to this needed evolution Its mission is to contribute to Africa s economic advancement and sustainability through science research education and innovation This book provides a selection of papers from the Advancement of Science in Africa s third annual conference The conference was held under the overarching theme of science research and education in Africa with several important sub themes including but not limited to improving health research and disease surveillance education epidemic diseases with high mortality promoting women s interest in science careers fostering youth development with science education The collection illustrates how although the chapter contributors come from various countries and universities representing their own academic research they all share a common interest in advancing science research and education in Africa

50 Years of Central Banking in Kenya Patrick Njoroge, Victor Murinde, 2021 This book documents important milestones in the epic journey traversed by the Central Bank of Kenya over the last 50 years putting into perspective the evolution of central banking globally and within the East African region and contemplating future prospects and challenges The book is timely mainly because the global financial landscape has shifted Central bankers have expanded their mandates beyond the singular focus on inflation and consider economic growth as their other important objective Financial crises have continued to disrupt the functioning of financial institutions and markets the most devastating episodes being the global financial crisis which broke out in 2008 and from which the global financial system has not fully recovered and the unprecedented challenges posed by the global coronavirus pandemic Bank regulation has moved from Basel I to Basel II and somehow migrated to Basel III although some countries are still at the cross roads The book originated from the wide ranging discussions on central banking from a symposium to celebrate the 50 year anniversary on 13 September 2016 in Nairobi The participants at the symposium included current and former central bank governors from Kenya and the Eastern Africa region high level officials from multilateral financial institutions policy makers bank executives civil society actors researchers and students The book is an invaluable resource for policy makers practitioners and researchers on how monetary policy and financial practices in vogue today in Kenya have evolved through time and worked very well but also about some pitfalls

The Routledge History of Human Rights Jean Quataert, Lora Wildenthal, 2019-09-05 The Routledge History of Human Rights is an interdisciplinary collection that provides historical and global perspectives on a range of human rights themes of the past 150 years The volume is made up of 34 original contributions It opens with the emergence of a new internationalism in the mid nineteenth century examines the interwar League of Nations and the United Nations eras of human rights and decolonization and ends with the serious challenges for rights norms laws institutions and multilateral cooperation in the national security world after 9 11 These essays provide a big picture of the strategic political and changing nature of human rights work in the past and into the present day and reveal the contingent nature of historical developments Highlighting local national and non Western voices and struggles the volume contributes to overcoming Eurocentric biases that burden human rights histories and studies of international law It analyzes regions and organizations

that are often overlooked The volume thus offers readers a new and broader perspective on the subject International in coverage and containing cutting edge interpretations the volume provides an overview of major themes and suggestions for future research This is the perfect book for those interested in social justice grass roots activism and international politics and society
