Life-Saving Service, 1897 **Buraimi** Michael Quentin Morton, 2014-05-09 Buraimi is an oasis in an otherwise bleak desert on the border between Oman and the UAE In the early twentieth century it shot to notoriety as oil brought the world s attention to this corner of the Arabian Peninsula and the ensuing battle over energy resources between regional and global superpowers began In this lively account Michael Quentin Morton tells the story of how the power of oil and the conflicting interests of the declining British Empire and the United States all came to a head with the conflict between Great Britain and Saudi Arabia shaping the very future of the Gulf states The seeds of conflict over Buraimi were sown during the oil negotiations of 1933 in Jedda where the international oil companies vied for control of the future industry in the Arabian Peninsula As a result of lengthy discussions including the efforts of men such as St John Philby and Ibn Saud

himself the Saudis granted an oil concession for Eastern Arabia without precisely defining the geographical limits of the area to be conceded Matters came to a head in 1949 when Saudi Arabia made claim to the territory and Great Britain acting on behalf of Oman and Abu Dhabi challenged the actions of the Saudis Attempts at arbitration failed and only one year before Britain's defeat over the Suez Canal Britain expelled Saudi Arabia from the oasis In the wake of Britain's withdrawal East of Suez in the early 1970s the dispute was apparently solved between Saudi Arabia and the UAE But whilst the controversy dominated Anglo Saudi relations for more than 30 years it still casts its shadow across the Gulf today threatening to expose the fragility of the West's ever present dependency on the region for its supply of oil Morton brings a range of historical figures to life from the American oilmen arriving in steamy Jeddah in the 1930s to the rival sheikhs of Bahrain itself competing for power wealth and allegiances as well as the great players in world politics Churchill Truman and Ibn Saud This entertaining and thoroughly researched book is both a story of a decisive conflict in the history of Middle East politics and also of the great changes that the discovery of oil brought to this previously desolate land *Bulletin* Texas. Centre de perfectionnement professionnel, 2012-07 *Nigeria's Fourth Republic, 1999-2021* Michael Nwankpa, 2022-11-18 This book reflects on Nigeria's fourth republic the country's longest democratic period since it gained independence from Great Britain It argues that although constitutional or political democracy has lasted for over two decades in Nigeria and seen three successful democratic changes of power Nigeria's democracy remains largely militarised During Nigeria's fourth republic political and socio economic affairs have been increasingly dominated by a pervasive military presence and ideology which has seen a redistribution of resources and government funds away from social programmes into an increase in security budgets weapons proliferation and internal military interventions and occupations This institutionalisation of violence has turned the country into a national security state where the rule of force and violence rather than dialogue and compassion reflect everyday reality Whilst acknowledging the history of militarisation during colonial and military rule this book makes a compelling argument for considering the distinct character of the Nigerian nation state's path to militarisation over the last 20 years of experimentation with democracy This book's fresh insights into the fourth republic's path to militarisation will be of interest to researchers of African politics security and development

International Environmental Governance Bharat H. Desai, 2014-05-15 *International Environmental Governance Towards UNEPO* offers a significant contribution to practitioners and scholars involved in international debates regarding environmental governance Clarifying the insufficiency of the 1972 UN General Assembly's model of a small UN Environment

Programme in helping nations stem the accumulating degradation of the environment across the globe the work poses the remaining question how should international environmental governance be accomplished The volume is timely in its examination of the post Rio 20 period and furthermore addresses the vital issue of the evolution of UNEP into a specialized agency designated the UN Environment Protection Organization UNEPO a new mandate to revive the UN Trusteeship Council to supervise environment and the commons as well as law making and institution building processes as reflected in multilateral environmental agreements MEAs and other multilateral forms International Environmental Governance Towards UNEPO addresses the law making challenge presented by growth in MEAs and proliferation of international environmental institutions with a thorough consideration of the debate regarding the need for and efficacy of global governance in the field of environment Dr Desai s timely analysis will assist diplomats lawyers and scholars citizens and civil servants alike in finding the new roads forward **Bulletin** ,1910 *General Report of the Operations of the Marine Survey of India* India.
