Power Through Constructive Thought: (unabridged) Emmet Fox, 2019-01-26 This book is designed to teach the principles of life building through constructive thought. All power lies in creative thought. Thought is the key to life for as a man thinketh in his heart so is he. People are beginning to understand today something of the power of thought to shape the individual's destiny; they know vaguely that thoughts are things but how the Great Law of thought is to be applied they do not know. This book shows that your destiny is really in your own hands because it is impossible to think one thing and produce another and that by the selection of correct thought a harmonious and happy life is produced. It shows that weak and fickle thinking produces a drifting and wasted life and that positive thinking produces success and happiness. It shows that fear is the ultimate cause or Tap Root of all sickness, failure, and disappointment. And it shows the only possible method of overcoming fear. Emmet Fox *Power Through Constructive Thought* The Golden Key Emmet Fox, 1931-01-06 Scientific Prayer will enable you sooner or later to get yourself or anyone else out of any difficulty on the face of the earth. It is the Golden Key to harmony and happiness. To those who have no acquaintance with the mightiest power in existence this may appear to be a rash claim but it needs only a fair
