**Challenges in the Management of People Convicted of a Sexual Offence** Kasia Uzieblo, Wineke J. Smid, Kieran McCartan, 2022-01-01 This book provides an up to date analysis of major issues in the field of sexual abuse, both established and emerging, and asks how we can develop the most evidence based fit for purpose approach in responding to and preventing it. Sexual abuse is a multi disciplinary international issue that exists at the crossroads of theory, practice and research. Therefore the book is future facing and asks the reader to critically reflect upon current and future research and practice and to ask what next. In doing this the book examines the theory, research and practice on a range of topics including grooming behaviors, risk management, risk assessment, sexual fantasies, professional engagement and policy development. These and other essential topics for effective and efficient care for people who have committed sexual offenses are addressed as part of the ultimate goal to reduce and even eliminate sexual victimization in the future. Multi-Tier Approaches to the Resolution of International Disputes Anselmo Reyes, Weixia Gu, 2021-12-16 Multi tier dispute resolution (MDR) entails an early attempt at mediation followed by arbitration or litigation if mediation is unsuccessful. Seemingly everyone acknowledges MDR's attractiveness as a means of resolving disputes due to its combination of the flexibility and informality of mediation with the rigour and formality of arbitration or litigation. Yet the question is why except in China and some Asian jurisdictions MDR is not resorted to around the world and MDR clauses in commercial contracts remain relatively uncommon. This book responds to that question by 1) surveying global regulatory approaches/frameworks for MDR, 2) comparing MDR trends in Asia and the wider world, 3) identifying MDR's strengths and weaknesses, and 4) prescribing ways to address MDR's weaknesses: the enforceability of MDR clauses, the difficulties arising when the same person acts as mediator and decision maker in the same dispute, and the enforcement of mediated settlement agreements resulting from MDR.
