Krebs, 1999-02-28 The evolution of science through the ages has often been marred by people s misconceptions From pre historic times when myths played a major role in people s lives to present day debates concerning the environment people have sought ways to explain the world around them and have often come up with incorrect answers Science has grown through the correction of these misconceptions This unique reference source can be used by students teachers and other interested researchers to explore this growth as it pertains to both the field of science and the process of scientific experimentation Readers will discover how misunderstandings led to further experimentation and eventually to scientific facts These false paths to scientific knowledge are not treated as deliberate misconduct but rather as a lack of knowledge and a misunderstanding of the science and technology involved both of which were sooner or later corrected by men and

women of science Krebs explores the conception and development of scientific thought in five different fields Medicine and Health Life Science Chemistry and Physics Astrology Astronomy and Cosmology and Conservation Ecology and Environmentalism Within each of these categories he explores more specific areas such as the circulatory system geology and inner planets This arrangement provides easy access for the researcher interested in a particular area of science as well as those looking for general information illuminating how our modern understanding of science is based on much of the developments in our ancient past

For the Sake of Our Salvation Scott Hahn,2011-02-22 This is the sixth annual volume of the remarkably popular journal of biblical

theology edited by Scott Hahn and his St Paul Center for Biblical Theology This volume features an all star lineup tackling one of the most controversial and important subjects in biblical scholarship the inspiration and truth of Sacred Scripture What does it mean to say that Scripture is the Word of God Are there errors in Scripture These are some of the questions addressed in important new works by Hahn Brant Pitre Pablo Gadenz Michael Waldstein John Betz and Germain Grisez Highlights include Hahn s new essay on the the truth and humility of God s Word and Gadenz s authoritative review of the Catholic teaching on the inerrancy of Scripture This volume also includes a never before translated essay by Romano Guardini Holy Scripture and the Science of Faith From the Editors introduction The widespread erosion in the assumption that Scripture is the true Word of God forms the broader context for the articles and studies in this volume of Letter Spirit As we see it the work we present in these pages is no ivory tower exercise It is no exaggeration to say that at stake in this discussion is the future of the identity of the Church and the mission of the Word incarnate If the Scriptures cannot be trusted to communicate the truth about God and his saving message if they do not bring us to the encounter with the living God who speaks his Word then it must be asked what is the meaning and purpose of the Church
