

If you are unsure how to rate a skill or behavior, ask the student's teachers, parents, or other informants who know the student for their input. Discuss examples of each listed skill with the informant.

Many aspects of pragmatics are culturally influenced. As in all language evaluation, it is imperative that the examiner be familiar with expected and culturally appropriate pragmatic behaviors of the student being assessed. Be sure to consider cultural influences in rating the student's nonverbal and verbal communication skills. You may need to ask the student's parent/guardian if the student's behaviors are commonly observed and accepted within their culture. If you are rating a two-part skill (e.g., Item 9, asking for/responding to...) and you think the student's behavior is not consistent across both parts, circle the skill you are rating (e.g., asking for). See the Examiner's Manual for complete instructions.

For each item, circle the number that best describes how often the student demonstrates that skill or behavior:

- 1 = never or almost never
2 = sometimes
3 = often
4 = always or almost always
