**Screen Adaptations and the Politics of Childhood** Robyn McCallum, 2018-01-16 This book features a cutting-edge approach to the study of film adaptations of literature for children and young people and the narratives about childhood. Those adaptations enact. Historically, film media has always had a partiality for the adaptation of classic literary texts for children. As economic and cultural commodities, McCallum points out how such screen adaptations play a crucial role in the cultural reproduction and transformation of childhood and youth and indeed are a rich resource for the examination of changing cultural values and ideologies, particularly around contested narratives of childhood. The chapters examine various representations of childhood as shifting states of innocence and wildness, liminality, marginalisation and invisibility. The book focuses on a range of literary and film genres from classic texts to experimental, carnivalesque, magical realist and cross-cultural texts.
