A Shameful Life Osamu

Dazai, 2018-11-13 Recipient of the 2018 William F Sibley Memorial Subvention Award for Japanese Translation A new definitive translation of the postwar classic known to the west as No Longer Human a tortured vision inspiring the likes of Junji Ito and Bungo Stray Dogs Osamu Dazai is one of the most famous and infamous writers of 20th century Japan A Shameful Life Ningen Shikkaku is his final published work and has become a bestselling classic for its depiction of the tortured struggle of a young man to survive in a world that he cannot comprehend Paralleling the life and death of Dazai himself the delicate weaving of fact and fiction remorselessly documents via journals the life of Yozo a university student who spends his time in increasing isolation and debauchery His doomed love affairs suicide attempts and constant fear of revealing his true self haunt the pages of the book and reveal a slow descent into madness This dark tale nevertheless conveys something authentic about the human heart and its inability to find its true bearing Gibeau's translation cements A Shameful Life's place in the existentialist literary canon from Dostoevsky to Camus Fans of Bungo Stray Dogs will recognize Osamu Dazai as one of the characters named after the giants of Japanese literature Those familiar with the numerous adaptations in graphic novels and animation can experience the source material in faithful modern prose **Life and The Cosmos Heretical Novel on Evolution** Giovanni Occhipinti, 2024-11-21 It is a revolutionary indeed heretical book A book about bacteria and life a book about science but fictionalized and with some humorous jokes easy to read and understand and requires no acquired scientific knowledge The essay is divided into three parts In the first part the author offers you a fantastic journey through the history of life where dialogues develop with a Bacterium about the origin of life and with Acritarchus a eukaryote about their origin It continues with Pikaia who reveals a new view of being an animal and with Purgatorius representing mammals and finally with Darwin on natural selection at the dawn of the new millennium The second part highlights the latest findings on the incredible capabilities of bacteria In the third part after a brief return to the past starting from Brandon Carter's anthropic principle and Hoimar von Ditfurth's suggestion us perhaps as a link to a non biological offspring of a whole other species an ideal purpose of life on Earth in relation to the Cosmos and whether there is life in our Galaxy is described Finally Darwin and the author develop a dialogue about the evolution of Sapiens in this period of great technological transformation and our attitude toward new technologies Keep Your Mobile Phone Away or Digest It Alphonse Vanderheyde, 2024-10-15 Today's digital man tweets and instagrams but does he still think by himself His totalitarian takeover of social networks opens up a world he feels he dominates meanwhile he is under the yoke of various manipulations Is this domination a decoy Is the mobile phone leading us to a smartphonic life to the end of man thinking by himself Is his constantly connected life disconnected from real human relationships So what does it mean to put your mobile away Is it being aware of the harmful effects of smartphones and techno sciences And is digesting your mobile phone an injunction to think more carefully about our connections to find a reasonable solution to digital usage and to warn us against transhumanism and posthumanism as anthropophobia **Secundum Naturam (According to Nature)** Ron
