Paper Rater Plagiarism Checker

Vinayak Bairagi, Mousami V. Munot

Paper Rater Plagiarism Checker:

Writing and Publishing a Scientific Research Paper Subhash Chandra Parija, Vikram Kate, 2017-07-28 This book covers all essential aspects of writing scientific research articles presenting eighteen carefully selected titles that offer essential must know content on how to write high quality articles The book also addresses other rarely discussed areas of scientific writing including dealing with rejected manuscripts the reviewer's perspective as to what they expect in a scientific article plagiarism copyright issues and ethical standards in publishing scientific papers Simplicity is the book's hallmark and it aims to provide an accessible comprehensive and essential resource for those seeking guidance on how to publish their research work The importance of publishing research work cannot be overemphasized However a major limitation in publishing work in a scientific journal is the lack of information on or experience with scientific writing and publishing Young faculty and trainees who are starting their research career are in need of a comprehensive guide that provides all essential components of scientific writing and aids them in getting their research work published *Thesis Writing for Master's and Ph.D.*

Program Subhash Chandra Parija, Vikram Kate, 2018-11-03 This book on Thesis Writing for Master's and Ph D program focuses on the difficulties students encounter with regard to choosing a guide selecting an appropriate research title considering the available resources conducting research and ways to overcome the hardships they face while researching writing and preparing their dissertation for submission Thesis writing is an essential skill that medical and other postgraduates are expected to learn during their academic career as a mandatory partial requirement in order to receive the Master's degree However at the majority of medical schools writing a thesis is largely based on self learning which adds to the burden on students due to the tremendous amount of time spent learning the writing skills in addition to their exhausting clinical and academic work Due to the difficulties faced during the early grooming years and lack of adequate guidance acquiring writing skills continues to be a daunting task for most students This book addresses these difficulties and deficiencies and provides comprehensive guidance from selecting the research title to publishing in a scientific journal
