

The image displays a comprehensive periodic table of elements, color-coded by groups and periods. The elements are arranged in a grid, with each cell containing the element's symbol, name, atomic number, and atomic weight. The table is divided into several color-coded blocks: s-block (red), p-block (yellow), d-block (blue), f-block (green), and g-block (purple). A central diagram shows the periodic table with the following labels: s-block, p-block, d-block, f-block, and g-block. The diagram also includes a legend for the color coding and a list of element groups: s-block, p-block, d-block, f-block, and g-block. The periodic table is presented in a standard format, with the elements arranged in rows and columns, and the central diagram providing a visual overview of the periodic table's structure.
