Schnell,2011-08-11 How does a person with essentially no friends in real life amass hundreds of viral friends on Twitter and Facebook Basically by telling it like it is and saying what needs to be said And as always incorporate sex whenever possible Here then one disgruntled loner s crusade to see how many others he can actually amass as friends through the two most popular social networking sites currently the rage in this the era of interpersonal demise of the Homo sapien He started at zero friends using an assumed moniker of Eman Llufl what it lacked in creativity it made up for with Balkan mystique Between the two me centric cyber outposts Eman Llufl garnered over 2 400 of these seemingly coveted social networking relationships simply by churning out random hyperbole on par with the journal musings of a mental patient In the spirit of full disclosure at some point he became a she but no one really questioned the metamorphosis In fact in this day and age it s almost expected Crude Perhaps Sophomoric Almost a certainty Welcome to literature in the 21st Century And while 2 400 or so might not seem like a grand number to an adolescent who takes on more superficial social networking friends than she takes breaths in a month or to the Ashton Kutchers of the world it s a pretty respectable number granted Eman Llufl doesn t really exist at all
