Brunn,2024-05-23 This book explores journeys in a time context with a focus on places place meanings and landscapes Whether the journey relates to ancient or modern trails roads or railroads or a historical or contemporary pilgrimage or a tourist venture in social contexts the book addresses the importance of places and environmental settings whereby time itself is described and defined in multiple contexts The chapters discuss among others archaeological and pre history settings tourism settings and heritage events as well as regional and transnational migration routes and those used by historical nomadic cultures and postmodern nomads Some time and place journeys are fluid and dynamic and re interpreted while for others there is much sameness in the visible landscapes Retaining the past and reconstructing the past are both journeys That sameness concept is also applied to cultural and political worlds where there is little progress or reform to address social welfare and empowerment This book opens the door for exploring shallow and deep journeys by those in the humanities and social sciences at local national and regional scales *Marilyn Monroe & Joe DiMaggio - Love In Japan, Korea & Beyond* Jennifer Jean Miller,2014-02-14 The story of Marilyn Monroe and Joe DiMaggio is a timeless tale Both of these legends had extraordinary careers in their individual fields as well as remarkable existences This book chronicles each of their lives from the days before they met until that magical night in 1952 when their paths finally crossed Their lives would never be the same after that Though their marriage lasted for nine months their love endured beyond those years and Joe s heart yearned for no one else even at his deathbed thirty seven years after her untimely passing This account shares of their love and focuses on their marriage in 1954 and their trip to Japan and her trip to Korea during the nearly one month time span that

the couple was in the Far East together A segment of the author s collection of rare and unpublished photographs of both stars are featured within this Google edition some never before seen since they were taken approximately sixty years ago in Japan and Korea Due to file size constraints with file delivery via Google that inhibits image quality the print version of the book has the expanded selection of photos from the author s collection as well as memorabilia from both of the stars This book weaves in elements about baseball entertainment the military the tragedies of stardom and above all the love Marilyn and Joe shared The story told here unveils other characters in the casts of both of their lives including interviews with family members of Marilyn Monroe headed by Marilyn s second cousin Jason Edward Kennedy This book begins to also debunk the myths and propaganda about the life and death of Marilyn Monroe Additionally controversy within Joe s final days is also explored Marilyn Monroe Joe DiMaggio Love In Japan Korea Beyond is the first book in the series endorsed by MarilynMonroeFamily com the website run by the relatives of William Marion Hogan Marilyn Monroe s great uncle

Reasonably Vicious Candace VOGLER,2009-06-30 Is unethical conduct necessarily irrational Answering this question requires giving an account of practical reason of practical good and of the source or point of

wrongdoing By the time most contemporary philosophers have done the first two they have lost sight of the third chalking up bad action to rashness weakness of will or ignorance In this book Candace Vogler does all three taking as her guides scholars who contemplated why some people perform evil deeds In doing so she sets out to at once engage and redirect contemporary debates about ethics practical reason and normativity Staged as a limited defense of a standard view of practical reason an ancestor of contemporary instrumentalist views Vogler s essay develops Aquinas s remark about three ways an action might be desirable into an exhaustive system for categorizing reasons for acting Drawing on Elizabeth Anscombe s pioneering work on intention Vogler argues that one sort means end or calculative reasons for acting sets the terms for all sound work on practical rationality She takes up Aquinas s work on evil throughout arguing that he provides us with a systematic theory of immorality that takes seriously the goods at issue in wrongdoing and the reasons for unethical conduct Vogler argues that shorn of its theological context this theory leaves us with no systematic uncontroversial way of arguing that wrongdoing is necessarily contrary to reason *Catalogue of the San Francisco Free Public Library* San Francisco Public Library, 1889
