Postgraduate Supervision Magda Fourie-Malherbe,2016-11-21 The 24 chapters contained in this volume provide diverse but also congruent perspectives on future foci for research into postgraduate education and supervision in the knowledge society The chapters move from deliberations on challenges for postgraduate supervision at macro level such as the pressure to increase postgraduate output and the implications of increasinglymanagerialist institutions to meso level matters the form and function of postgraduate education in specific countries to the micro rich case studies of individual institutions programmes and supervisors Daily Graphic Ransford Tetteh,2014-09-15 **Daily Graphic** Kingsley Inkoom,2014-09

Strengthening Postgraduate Supervision Sioux McKenna,Jenny Clarence-Fincham,Chrissie Boughey,Harry Wels,Henk van der Heavel,2017-03-22 An excellent collection of diverse and deeply reflective perspectives All offer insights into the multiple challenges confronted in improving the quality and depth of postgraduate supervision increasing throughput and dealing with complexity What is also affirmed is the importance of individual capability in supervision that is developed and nurtured over time and through arduous effort The book will be of value to novice supervisors and to more experienced ones Policy makers planners and administrators looking to enlarge their understanding of the postgraduate terrain in all its complexities will find the mix of theoretical and practical lenses through which the topic is approached particularly illuminating Professor Narend Baijnath Chief Executive Officer Council on Higher Education **Achieving Nelson**

Mandela University? Sibongile Muthwa,Denver A. Webb,2024-08-20 South Africa s higher education sector is rooted in the country s divided past A significant State driven restructuring from around 1997 to 2005 resulted in what is largely the current configuration of public universities But just over two decades later for a variety of reasons the higher education sector in South Africa appears beset with numerous challenges Nelson Mandela University is one of the public universities that emerged from the restructuring process The university is in an ongoing state of evolution of becoming It developed out of the amalgamation of the University of Port Elizabeth Port Elizabeth Technikon and incorporation of the Port Elizabeth campus of Vista University as Nelson Mandela Metropolitan University in 2005 In 2017 it was renamed Nelson Mandela University after the world renowned statesman rather than the metropolitan area in which the university is primarily located The renaming was conceptualised as more than a marketing opportunity to rebrand the university but as an opportunity to reorientate the university to reposition Nelson Mandela University as an engaged and socially embedded university in the service of society striving to be the academic expression of the values and ethos of its iconic namesake Endeavouring to be something greater and different from the norm imbues its strategy public statements and practices The determination to achieve Mandela University serves or is intended to serve as both an organising principle and a lodestar A cross section of writers from different backgrounds situates Nelson Mandela University within the contemporary historical moment from which it emerged and examines its subsequent evolution While Nelson Mandela University has performed the usual work

expected of any university it has also sought to turn the university outwards to achieve a higher purpose framing itself as a values based university on a journey to become something else In Achieving Nelson Mandela University the university attempts to give an account of itself The book is an intellectual and scholarly reflection on where the university has come from and where it is seeking to go

Driving Change Gibbon, Trish, 2014-06-12 Driving Change tells a story that exemplifies a basic law of physics known to all the application of a relatively small lever can shift weight create movement and initiate change far in excess of its own size It tells a story about a particular instance of development cooperation relatively modest in scope and aim that has nonetheless achieved remarkable things and has been held up as an exemplar of its kind It does not tell a story of flawless execution and perfectly achieved outcomes it is instead a narrative that gives some insight into the structural and organisational arrangements the institutional and individual commitments and above all the work intelligence and passion of its participants which made the SANTED Programme a noteworthy success
