Perfect Brilliant Stillness:

Perfect Brilliant Stillness David Carse, 2005-09 An intimate account of spontaneous spiritual enlightenment and its implications in a life lived beyond the individual self It is so rare to see any work that holds that essential and fundamental perception without compromise Your book is a beacon which can shine through all of the fog and nonsense that is broadcast under the name of advaita or non duality Especially as that expression comes out of no one Tony Parsons author of The Open Secret As It Is and All There Is This book is a Gonzo Gita a Gone so Song of God a soaring rampaging loving outpouring of Unmanifest Source displayed in manifest consciousness playing a complex spiritual melody through the hollow bamboo flute of a Vermont farmer carpenter building contractor who was all but ignorant of the non dual tradition before a disorienting full enlightenment struck and he realized there s nobody home Robert Gussner PhD Professor Emeritus University of Vermont Dept of Religion *1000: The Levels of Consciousness and the Stages of Awakening* Ramaji, Ananda Devi, 1000 is the 820 page complete guide to LOCs Levels of Consciousness and the Stages of Awakening 1000 is a uniquely accessible breakthrough book that explains the complete spiritual path from beginning to end Students of meditation prayer self inquiry enlightenment non duality Advaita yoga and Eastern religion will find it to be an unusually spirited fiercely candid passionate work *Essential Advaita* Shivada Amrita, 2022-02-09 The interweaving of knowledge and philosophy up to the modern era goes back to Thales of Miletus regarded as one of the seven sages of Greek civilization 624 BC 543 BC Know Thyself is an aphorism of knowledge attributed to the times of Thales This Greek Maxim etched in stone at the gate leading to the temple of Apollo in Delphi has become a philosophical question studied to this day Another sage in the exposition of total knowledge a Vedic master of Indian philosophy was Adi Shankara 509 497 BC his teachings of Advaita the Nondual reality of life provided an in depth study of knowing the true nature of Self and fulfilling on a practical level to his society what the Greeks knew as the highest teaching This book explores the Nonduality Oneness philosophy modern spiritual teachings from ancient times My discussions about Oneness have the flavor of the Advaita tradition a revived and current view from Vedic Science and the contemporary study and thinking about Nonduality Shivada Amrita Website advaitaspeaks.com **SELF SEEKING** Dennis Waite, 2025-10-14 Separate the true teachers from the self seeking gurus [Enlightenment by Trial and Error](#) Jay Michaelson, 2019-11-18 The spiritual but not religious are the fastest growing denomination on America today Yet what are the roadmaps What does the spiritual search look like for a seeker in 21st century America fully plugged in online cynical and sincere Enlightenment by Trial and Error is a unique book by bestselling author and Daily Beast columnist Jay Michaelson Today Michaelson is a rabbi with a PhD in Jewish Thought a teacher on the Ten Percent Happier meditation app and a political columnist read by a quarter million readers per month But not long ago Jay was a young spiritual seeker pursuing mystical experiences and even enlightenment with an open heart and restless intellectual curiosity Drawn from essays written over a ten year period of questioning and exploration this book is a unique record of the spiritual search from the

perspective of someone who made plenty of mistakes along the way **The Book of One** Dennis Waite,2010-05-11 A comprehensive yet entertaining introduction to Advaita the non dual philosophy which provides a completely reasonable explanation for who we are and the nature of the universe There are many self help approaches promising enlightenment and happiness but most are illogical and lack any proven capability Advaita has a guru disciple tradition stretching back for several thousand years and can guarantee the sincere seeker a progressive path to self realization A 21st Century treatment of this ancient eastern philosophy this book addresses all of the issues that are covered by both traditional teachers from the lineage of Shankara and by modern satsang teaching and Direct Path methods stemming from Ramana Maharshi and Krishna Menon Topics are explained in an accessible and readable manner using amusing quotations and stories along with an abundance of metaphors from a wide variety of sources **Back To The Truth** Dennis Waite,2010-05-11 A systematic treatment of Advaita which demystifies it differentiating between approaches and teachers enabling you to decide which approach is most suitable for you **Already Awake** Nathan Gill,2004-09-01 Nathan Gill is a rare voice in contemporary spirituality Speaking with consistent clarity he points out that all prescriptions for escape from the drama of separation instead serve as its reinforcement Compiled from transcripts of one to one dialogues and group meetings the talks featured in Already Awake present the essential message of non duality in a profound yet straightforward way Also included by way of an introduction to the main text is a revised version of Nathan s first book Clarity *Radical Transformation* Imants Barušs,2021-01-28 In Radical Transformation Imants Baru s leads the reader out of the receding materialist paradigm into an emerging post materialist landscape in which new questions present themselves If consciousness has nonlocal properties then how are boundaries between events established If consciousness directly modulates physical manifestation then what is the scope of such modulation If consciousness continues after physical death then how much interference is there from non physical entities As we face the threat of extinction on this planet is there anything in recent consciousness research that can help us Are there effective means of self transformation that can be used to enter persistent transcendent states of consciousness that could resolve existential and global crises The author leads the reader through discussions of meaning radical transformation and subtle activism revealing the unexpected interplay of consciousness and reality along the way

oneness of all things an unorthodox singularity between self and the divine where is the record of such pronouncements by Jesus It s not in the New Testament In 1945 a discovery in an Egyptian desert may have revealed such a document The Gospel of Thomas *Apotheosis Now* Yanhao Huang,2021-04-13 Many of us are starting to become tired of this game of life We have been comparing and striving all our life But no matter how much success we have achieved we are still hollow and still have found nothing fulfilling We don t even know if happiness exists because it is no longer a living thing in our experience it has become dead as we only know it as a concept or memory We have sought self help advice philosophies and religious teachings to transform ourselves but have not gotten anywhere We have made some superficial improvements like adopting a new mindset but our core remains the same We are still competitive still fearful and we get disturbed all the time The problem with all attempts at self improvement is that we do not address the fundamental problem which is who is the you who needs to be improved We do not see that the one who is making the improvement is the same one who needs to be improved The more we try to improve the more conflict we introduce within and without The more knowledge we stuff in our heads the more we become trapped in a conceptual prison of reality Inevitably the more confused we get in life The book guides the reader out of their distorted beliefs to experience reality beyond the mind When the deeper intelligence is allowed to flourish without our mind s interference then the game of life becomes effortless Living Space Paul Holman,2018-12-14 Discussing the idea with reference to accounts of awakening in esoteric literature as well as contemporary psychological methods Living Space Openness and Freedom through Spatial Awareness proposes that a common denominator in both physical and emotional healing is the creation of more perceptual and conscious space and that an easier and more spacious awareness can be achieved by relatively simple changes to the way we pay attention These ideas have implications for the way we balance body mind and spirit *Dancing with the Void* Betty Camhi,Gurubaksh Rai,2015-05-03 Born in Denmark in 1890 Sunyata was from birth utterly without desire ambition and ego Thus the name Sunyata and description of rare born mystic was given to him years later in India by the revered sage Sri Ramana Maharshi A lover of silence and solitude Sunyata remained untouched by the common worldly conditioning that entraps so many His fateful journeys inspiring friendships and the spiritual wisdom shared in these collected writings all reflect the soul of an authentic seer Sunyata s experiences and musings are ever relevant for they concern something that is of value to all the illumination and liberation of the human spirit Adyashanti writes Sunyata was the rarest of incarnations A naturally born enlightened being of singular uniqueness and inventiveness The story of his life is itself a profound spiritual teaching and a living example of how awakened spirit moves through the challenges of life *And Then, Nothing Happened!* Oya Zen-Rama,2017-02-20 This rising sun is an invitation to see the Garden of Eden around us with open eyes and with closed eyes the Kingdom of Heaven within us here and now The ancient mystics termed this enlightenment Sahaja Samadhi As Oya Zen Rama discovers this profoundly peaceful state is a natural consequence of the stunning insight that in reality theres

nothing happening This collection of verse is an outpouring from the inner voice over a four year period from 2013 to 2016 It is a contemporary song and dance about an age old mystery and a celebration of the journey towards enlightenment and life beyond enlightenment An interesting introspective collection of verse there is something in each poem that relates to us all The spontaneous poetry contained herein documents stunning spiritual realizations blow by blow It offers a new testament to the aliveness of our non dual reality and the freshness and fun of our inner voice It is a guide to those walking the path of love and a light celebrating our true nature as we make a courageous leap into enlightened reality
