Theology in the Contemporary World Ben Pugh,2017-11-30 No sooner have they mastered the basics than students of theology can quickly find themselves in over their heads They are bombarded with claim and counter claim as soon as they want to tackle anything topical The contentious subjects tend to be the historical Jesus gender and sexuality or the atonement Other subjects might be less contentious but attract an astonishing excess of literature Take the vast literature tackling the subject of the Church for instance or the bloated body of tomes on various aspects of Pneumatology This book tries to provide the bewildered and intimidated student with a primer that is at once introductory and incisive approachable and informative It will help those training for ministry to recover their fascination for the subject of theology and how it could apply to their future ministry Subjects covered include The Quests for the Historical Jesus Third Article Theology The Missional Church Liberation Theology Feminist LGBT and Queer Approaches Postmodern Faith and the Emerging Church Nonviolent Atonement Summary of N. Philippians: An Introduction and Study Guide Joseph A. Marchal, 2017-02-09 Relatively brief and seemingly unassuming Philippians is frequently underestimated by its readers and users This guide shows that what lies within this letter is much more

complicated and dynamic than many expect After surveying the major historical problems and the methods scholars use to arrive at competing solutions Marchal focuses on the letter's famous hymn of Christ a rare glimpse into a tradition created by the community in Philippi even earlier than Paul's letter Given its impact and potential the hymn deserves sustained attention including its connections to slavery and other modes of social power Turning to the letter as a whole Marchal asks how this letter fits with types of argumentation in Greco Roman culture moving then into a detailed sketch of the rhetorical patterns in the letter from unity and sameness to hierarchy and modeling Feminist and empire critical approaches are presented alongside more traditional assumptions and ideas throughout signaling how choices in approach and starting points have historically affected the scholarly visions and communal uses for Philippians In the final chapter the letter is put to a series of atypical uses as the insights of queer theories are brought into surprising interaction with the arguments in the letter Tarrying over unmentionable ideas and provocative moments that readers typically race past this chapter takes the reader from the hierarchical heights of a cosmic Christ to the depths of excrement being emptied from the same body from the arguments of waste to revealing asides about human waste and feminine lack The performative power and possibilities of Paul's letters has never been stranger nor more subversive of the too often destructive and dehumanizing uses of biblical images ideas and arguments
