Choreomania Kéline Gotman, 2018 When political protest is read as epidemic madness religious ecstasy as nervous disease and angular dance moves as dark and uncouth the disorder being described is choreomania At once a catchall term to denote spontaneous gestures and the unruly movements of crowds choreomania emerged in the nineteenth century at a time of heightened class conflict nationalist policy and colonial rule In this book author Kéline Gotman examines these choreographies of unrest rethinking the modern formation of the choreomania concept as it moved across scientific and social scientific disciplines Reading archives describing dramatic misformations of bodies and body politics she shows how prejudices against expressivity unravel in turn revealing widespread anxieties about demonstrative agitation This history of the fitful body complements stories of nineteenth century discipline and regimentation As she notes constraints on movement imply constraints on political power and agency In each chapter Gotman confronts the many ways choreomania works as an extension of discourses shaping colonialist orientalism which alternately depict riotous bodies as dangerously infected others

and as curious bacchanalian remains Through her research Gotman also shows how beneath the radar of this colonial discourse men and women gathered together to repossess on their terms the gestures of social revolt Expanded Choreographies – Choreographic Histories Anna Leon,2022-07-04 From objects to sounds choreography is expanding beyond dance and human bodies in motion This book offers one of the rare systematic investigations of expanded choreography as it develops in contemporaneity and is the first to consider expanded choreography from a trans historical perspective Through case studies on different periods of European dance history ranging from Renaissance dance to William Forsythe s choreographic objects and from Baroque court ballets to digital choreographies it traces a journey of choreography as a practice transcending its sole association with dancing moving human bodies **Transatlantic Broadway** M.
