China's New Retail Economy Shuguang Wang,2014-01-10 Retail is the essential link between production and consumption The dynamics of a nation s economy cannot be fully understood without a good understanding of its retail sector This book is written to achieve three broad objectives First it provides a comprehensive assessment of the changes in consumption patterns in China the current size of the Chinese consumer market and the regional variations Second it presents an interpretation of the changes in the country s regulatory system and the corresponding policy initiatives including the new state spatial strategies devised after its admission to the WTO Third it delivers a systematic analysis of the transformation of China s retail sector This includes the entry and expansion of foreign retailers the development of indigenous retail chains as a national strategy to modernize China s retail industry and the changing retailer supplier relations This book is a useful reference not only for university students and faculty researchers but also for international retailers and commercial real estate developers who contemplate business and investment opportunities in China

Retail Management Neelesh Jain,2008-11 This book contains the output of a symposium that addressed the future of retailing The topics covered include traditional retailing the impact of technology and changing consumption patterns on retailing and trends in direct marketing direct selling and multi channel distribution networks The book culminates in an agenda of propositions and issues that need to be considered by anyone seeking to successfully market to consumers in this decade The book is providing the opportunity to acquire a deeper knowledge of a key area of retailing management and managing the product range This important text is an essential medium for those studying retail management or buying and merchandising as part of a degree course

Retailing Denise T. Ogden,James R. Ogden,Robert Paul Jones,2017-08-02 Light on the fluff solid on the basics the fourth edition of Retailing is a concise text that covers strategic issues with an eye on financial considerations and operations management issues illustrated through retail cases and exercises New co author Robert Paul Jones is Department Chair of Hospitality and Retail Management in the College of Human Sciences at Texas Tech In addition to his extensive academic work Dr Jones has over 25 years of executive leadership and consulting experience in retail and hospitality He uses an Integrated Retail Management flow chart to depict retail functions Most retail texts present students with a series of chapters that provide useful information but fail to explain how the various activities involved in retailing affect each other The 4th edition offers the student an overview of the retail process through the use of an integrated retail management IRM plan The steps involved in retailing as presented in the text are tied together through the IRM plan Expanded coverage of Mobile and e Tailing and included throughout the text and not treated as a stand alone chapter This helps emphasize that e tailing is a form of retailing that uses many of the same models as other forms Includes updated cases and real world examples And omni channel retailing incorporated throughout text
