

Dear Sceptre Customer,

Congratulations on your new SCEPTRE X32 High Definition LCD Television purchase. Thank you for your support. To ensure safety and many years of trouble free operation of your TV, please read the manual carefully before making any adjustments, and keep them in a safe place for future reference. We hope you enjoy your new SCEPTRE X32 High Definition LCD Television.

For technical assistance, please call 1800-788-2878 and select option 3 or email our tech support group at monitor-ts@sceptre.com.

For all other inquiries, please call 1800-788-2878 and select option 4 or email our customer service group at cs@sceptre.com.

We recommend you register your SCEPTRE X32 HDTV with the enclosed registration card and mail it in. For peace of mind and to protect your investment beyond the standard warranty, SCEPTRE offers a two year extended warranty service for your TV. This plan gives additional coverage once your standard warranty period runs out. Please call our customer service group to purchase the extended warranty.

Himonides, 2016-06-10 The use of technology in music and education can no longer be described as a recent development Music learners actively engage with technology in their music making regardless of the opportunities afforded to them in formal settings This volume draws together critical perspectives in three overarching areas in which technology is used to support music education music production game technology musical creation experience and understanding The fourteen chapters reflect the emerging field of the study of technology in music from a pedagogical perspective Contributions come

not only from music pedagogues but also from musicologists composers and performers working at the forefront of the domain The authors examine pedagogical practice in the recording studio how game technology relates to musical creation and expression the use of technology to create and assess musical compositions and how technology can foster learning within the field of Special Educational Needs SEN In addition the use of technology in musical performance is examined with a particular focus on the current trends and the ways it might be reshaped for use within performance practice This book will be of value to educators practitioners musicologists composers and performers as well as to scholars with an interest in the critical study of how technology is used effectively in music and music education
