

CORE Phonics Survey

WHAT

The *CORE Phonics Survey* assesses the phonics and phonics-related skills that have a high rate of application in beginning reading. Each survey presents a number of lists of letters and words for the student to identify or decode. Pseudowords, or made-up words, are included since the student must use decoding skills to correctly pronounce these words and cannot have memorized them. These assessments are best used to plan instruction for students in the primary grades and to develop instructional groups. They may be administered every four to six weeks.

Skills Assessed: Phonics**Grade Level:** K–8**Language:** English**Grouping:** Individual**Approximate
Testing Time:** 10–15 Minutes**Materials:** Pencil,
Lined Paper
