Julia Child Rules Karen Karbo, 2013-09-27 Many of us have dog eared copies of Mastering the Art of French Cooking in our kitchens or fondly remember watching episodes of The French Chef but what was behind the enormous appeal of this ungainly unlikely woman who became a superstar in midlife and changed our approach to food and cooking forever In the spirit of The Gospel According to Coco Chanel and How Georgia Became O Keeffe Julia Child Rules dissects the life of the sunny unpretentious chef author cooking show star and bon vivant with an eye towards learning how we too can savor life With her characteristic wit and flair Karen Karbo takes us for a spin through Julia s life from her idyllic childhood in California to her confusing young adulthood in New York her years working for the OSS in Sri Lanka her world class love affairs with Paris and Paul Child and her decades as America s beloved French chef Karbo weaves in her own personal experiences and stops for important life lessons along the way how to live by your whims make the world your oyster live happily married work hard and enjoy a life of full immersion It celebrates Julia s indomitable spirit and irrepressible joy giving readers a taste of what it means to master the art of living

Outside the Box Jeannie Marshall, 2012-04-03 A lively cross cultural look at the way packaged and fast foods are marketed to our kids and a meditation on how our eating habits and our family lives are being changed in the process When Canadian journalist Jeannie Marshall moved to Rome with her husband she delighted in Italy's famous culinary traditions But when Marshall gave birth to a son she began to see how that food culture was eroding especially within young families Like their North American counterparts Italian children were eating sugary cereal in the morning and packaged processed salt and fat laden snacks later in the day Busy Italian parents were rejecting local markets for supermercati and introducing their

toddlers to fast food restaurants only too happy to imprint their branding on the youngest of customers So Marshall set on a quest to discover why something that we can only call kid food is proliferating around the world How did we develop our seemingly insatiable desire for packaged foods that are virtually devoid of nutrition How can even a mighty food culture like Italy s change in just a generation And why when we should and often do know better do we persist in filling our children s lunch boxes and young bodies with ingredients that can scarcely even be considered food Through discussions with food crusaders such as Alice Waters with chefs in Italy nutritionists fresh food vendors and parents from all over and with big food companies such as PepsiCo and Nestle Marshall gets behind the issues of our children s failing nutrition and serves up a simple recipe for a return to real food
