value in capturing that but the book might prove more enticing for general audiences with a greater emphasis on voice and storytelling Booklife Publisher s Weekly *The Career Fitness Program* Diane Sukiennik,William Bendat,Lisa Raufman,2001 For Career Development Career Placement Job Search and Career Life Planning courses workshops Designed to help students choose change or confirm career choices this best selling text workbook is firmly focused on today s career realities and economy with sufficient breadth to encourage change and growth for students of all ages backgrounds and specific circumstances Exceptionally readable and user friendly it offers a complete or holistic approach to career development and follows the standard sequence of career search and decision making issues Self Assessment The Job Market Decision Making and The Job Search Every section is filled with positive yet pragmatic discussions relevant exercises and real life examples of resources and techniques *Job Hunters' Sourcebook* Amy Darga,2002 Here is the essential updated resource job seekers need to develop a complete strategy for their job searches Alphabetically arranged by career the Sourcebook lists sources of help wanted ads employer directories employment agencies placement services electronic resources and other information sources for 206 specific careers New profiles on high profile careers such as computer and information systems manager desktop publisher and industrial production manager have been added as well Also included are helpful e mail and Web site addresses along with new information on governmental agencies and legal topics to further assist users in their searches
