Fear and Loving in South Minneapolis Jim Walsh, 2020-12-01 A veteran Twin Cities journalist and raconteur summons the life of the city after reporting and recording its stories for more than thirty years Two or three times a week as a columnist hustling

freelance writer and genuinely curious reporter Jim Walsh would hang out in a coffee shop or a bar or wander in a club or on a side street and invariably a story would unfold one more chapter in the story of Minneapolis the city that was his home and his beat for more than thirty years Fear and Loving in South Minneapolis tells that story collecting the encounters and adventures and lives that make a city hum and make South Minneapolis what it is Here is a man who drives around Minneapolis in a van that sports a neon sign and keeps a running tally of the soldiers killed in Iraq Here is another haunted by the woman he fell in love with and lost many years ago at the Minnesota Music Caf on St Paul s East Side Here are strangers on a cold night on the corner of Forty sixth and Nicollet finding comfort in each other s company in the wake of the shootings in Paris And here are Walsh s own memories catching up with him the woman who joined him in representing junior royalty for the Minneapolis Aquatennial when they were both seven years old the lost friend Soul Asylum s Karl Mueller recalled while sitting on his memorial bench at Walsh s go to refuge the Rose Gardens near Lake Harriet These everyday interactions ordinary people and quiet moments in Jim Walsh s writing create an extraordinary picture of a city s life James Joyce famously bragged that if Dublin were ever destroyed it could be rebuilt in its entirety from his written works The Minneapolis that Jim Walsh maps is more a matter of heart of urban life built on human connections than of streets intersecting and literal landmarks it is that lived city documented in measures large and small that his book brings so vividly to mind drafting a blueprint of a community s soul and inviting a reader into the boundless enduring experience of Fear and Loving in South Minneapolis

[Santa's Little Helper](#) Clare Kauter, 2016-12-18 There's a flashing Santa on the loose Cue shudder No one wants to see that guy jingling his bells Since I'm currently on my boss's naughty list I've been sent undercover as an elf to track this wayward Mr Claus down This

means right before Christmas I must reunite with my greatest enemy retail. Meanwhile I also need to find presents that don't suck for all my friends and family. And speaking of family there's one more thing that's adding to the stress of this season. The investigation into my brother's disappearance has been reopened. There is not enough brandy in all the puddings in the world to make this holiday merry. *Lippincott's Monthly Magazine*, 1902

Santa Claus Letlhokwa George Mpedi, 2020-11-30

The origins of Santa Claus or so I am told is that the young Bishop Nicholas secretly delivered three bags of gold as dowries for three young girls to their indebted father to save them from a life of prostitution. Armed with immortality, a factory of elves and a fleet of reindeer, he has been a lasting legacy inextricably linked to Christmas. Of course this Christmas looks a little different. Amidst a global pandemic, shimmying down the chimneys of strangers certainly does not adhere to social distancing guidelines. Some borders remain closed and in some instances the quarantine period is far too long. After all, he only has 24 hours to spread cheer across the world. As with the rest of us, Santa Claus is likely to get the remote working treatment. The reindeers this year are likely to be self-driving, reminiscent of an Amazon swarm of technology, and the naughty and nice lists are likely to be based on algorithms derived from social media accounts. In the age of the fourth industrial revolution, it is difficult to imagine that letters suffice anymore. How many posts were verified as real before shared? Enough to get you a drone. Fake news. Here is a lump of coal. Will we see elves in personal protective equipment (PPE) and will Santa Claus be high risk because of age and his likely comorbidities from the copious amount of cookies? He has to self-isolate in the North Pole. In fact, will there be any toys at all this year? Surely production has been stalled with the restrictions on imports and exports into the North Pole. Perhaps there is a view to outsourcing or perhaps there is a shift towards local production and supply chains. More importantly, as we have done in many instances in this period, maybe we should pause to reflect on the current structures in place. The sanctification of a figure so clearly dismissive of the Global South and to be critical, quite classist, must be called into question. From some of the keenest minds, the contributions in this book make a strong case against this holly jolly man. We traverse important topics such as: is the constitution too lenient with a clear intruder who has conveniently branded himself a Good Samaritan? Allegations of child labour under the guise of elves, blatant animal cruelty, constant surveillance in stark contrast to many democratic ideals, and his possible threat to national security come to the fore. Nevertheless, as the song goes, he is aware when you are asleep and he knows when you are awake. Is feminism a farce to this beloved man? What role does Mrs Claus play and why are there inherent gender norms in his toys? Then there is the worry of closed borders and just how accurate his COVID-19 tests are. Of course this brings his ethics into question. While there is an agreement that transparency, justice, and fairness, non-maleficence, responsibility, and privacy are the core ethical principles, the meaning of these principles differs particularly across countries and cultures. Why are we subject to Santa Claus notions of good and evil when he is so far removed from our context? As Richard Thaler and Cass Sunstein would tell you, this is fundamentally a nudge from Santa Claus for children to fit into his ideals. A nudge, coined by Thaler, is a choice that

predictably changes people's behaviour without forbidding any options or substantially changing their economic incentives. Even with pinched cheeks and an air of holiday cheer, Santa Claus has to come under scrutiny. In the process of decolonising knowledge and looking at various epistemologies, does Santa still make the cut?
