Reading, Learning, Teaching Clyde Edgerton Yvonne Mason, 2009 This is an introduction to the literature of contemporary American writer Clyde Edgerton. A North Carolina native, Edgerton has been compared to Mark Twain for his easy, humorous style which is based in oral tradition. Like Twain and other humorous writers, Edgerton's work often contains both biting satire and exploration of very large questions about the human condition. The book contains an overview of each of his novels and his memoir, in addition to offering critical commentary on theme, craft, and structure. Pedagogical support is offered with specific strategies that will encourage authentic engagement and learning. Teachers will find specific companion pieces of literature for introducing Edgerton's vivid and challenging work. This book presents the case for including more of Clyde Edgerton's work in our secondary and college English language arts classrooms as a means of revitalizing curricula and challenging the ways we traditionally think about teaching.

Convict Criminology for the Future Jeffrey Ian Ross, Francesca Vianello, 2020-11-10 Bringing together a variety of diverse international contributors from the Convict Criminology community, *Convict Criminology for the Future* surveys the historical roots of Convict Criminology, the current challenges experienced by formerly incarcerated people, and future directions for the field. Over the past two decades, research has been conducted in the field of Convict Criminology, recognizing that the convict voice has long been ignored or marginalized in academia, criminal justice practice, and public policy debates. This edited volume provides a much needed update on the state of the field and how it has evolved. Seven primary themes are examined: Historical underpinnings of Convict Criminology; Adaptations to prison life; Longstanding challenges for prisoners and formerly incarcerated people; Post-secondary education behind bars; The expansion of Convict Criminology beyond North America; Conducting scholarly research in carceral settings; Future directions in Convict Criminology. A global line up of contributors from the fields of Criminology, Criminal Justice, Law, Political Science, and

Sociology comprehensively tackle each topic reviewing causes reactions and solutions to challenges The volume also includes a chronology of significant events in the history of Convict Criminology Integrating current events with research using a variety of methods in scholarly analysis Convict Criminology for the Future is invaluable reading for students and scholars of corrections criminology criminal justice law and sociology **Literature** Peggy Leeman, Prentice Hall PTR, 2001

Democratic Humanism and American Literature illustrates the interplay between democratic assumptions and literary performance in the America s classic nineteenth century writers Emerson Thoreau Hawthorne Melville Cooper Poe Whitman Twain and James Harold Kaplan suggests that these major figures works are linked by the myths of genesis of a new political culture Challenged by the democratic ideal and committed to it they wrote prophetic books in the American liberal tradition and endowed its ethical intelligence The task of stating a new and undefined freedom was always implicit and often in the foreground of the writing of these nineteenth century giants As the author describes the situation the free man had to decide in what sense he was bound by nature or could master it in what sense he was committed to his society and could reconcile his freedom with it These classic writers devoted their work to examining this dialectic of values Kaplan sees their complex and polarized democratic consciousness as seminal in the imaginative tradition they generated What is unique in that tradition of values is the rivalry of criticism with affirmations of faith The highly original ethical trait involved here is based on the capacity of a political society to use its negations against itself and survive The author suggests that in our own time moral judgments are more likely to be the province of activist politics than literature His new introduction relates the theme of the book to cultural and political developments in the American experience of modernity and adds a discussion of Wallace Stevens and William Carlos Williams to the figures treated in the original edition Since tendencies to develop ideological and idiosyncratic responses to extrinsic events have grown stronger over time it is more important than ever for scholars and students alike to recover a moral imagination the force that gave rise to the great literary works of the nineteenth century To

describe that force is Harold Kaplan's goal in *Democratic Humanism and American Literature* *Borderlands*, 2021-11-08
