Chou,2023-08-22 On a daily basis health professions educators struggle to find effective and respectful ways of working with trainees who struggle to meet standards most of whom will become practicing clinicians Society allows and expects the health professions to regulate ourselves and we must do so The first edition of this book concentrated on medical student learners mainly in the United States Since then the literature has exploded offering a wider range of remediation practices for all levels of learners in all health professions throughout the world This new edition continues to offer evidence based theory informed and pragmatic approaches to identifying and remediating trainees who cannot yet perform to standards Illustrative case studies frame practical and programmatic advice from experienced front line educators All original chapters have been updated and there are 21 brand new chapters Of the 73 chapter authors 52 are new to this edition broadening the book s relevance internationally and across the health professions This book is required reading for all those committed to ensuring health professionals are ready and able to serve the health of the public *Oman Mineral, Mining Sector Investment and Business Guide Volume 1 Strategic Information and Regulations* IBP, Inc,2013-08 Oman Mineral Mining Sector Investment and Business Guide Strategic and Practical Information **Oman ,2016 Mental Health Care in the Middle East** Salim Al-Huseini,S. M. Yasir Arafat,2025-11-20 This book aims to provide a comparative analysis of mental health service delivery in the Middle East to shed light on challenges and disparities in access to care The Middle East is a region rich in diversity covering various countries and cultures Most observers have attested to the view that countries in the Middle East have a substantial treatment gap for people with mental illness Only a tiny fraction of the population with mental illness can access evidence based mental health care There are multiple challenges associated with this region including insufficient funding and research a shortage of skilled professionals substantial out of pocket expenses low levels of mental health literacy income inequality and a high level of stigma While governments are making efforts to address this gap through improved mental health policies and programmes providing mental health care to all those in need remains a significant challenge In addition many Middle East countries are contending with conflicts wars terrorism and all of which can potentially give rise to various behavioural and mental disorders **Shaping the Future of Child and Adolescent Mental Health** Matthew Hodes,Petrus J. De Vries,2022-09-19 Shaping the Future of Child and Adolescent

Mental Health Towards Technological Advances and Service Innovations coincides with the 25th International Association for Child and Adolescent Psychiatry and Allied Professions IACAPAP Congress in Dubai from December 5-9, 2022. There are three overarching themes of this book. Firstly, the impact of the Internet and digital technologies on the mental health and well-being of children and adolescents, including computerized therapies and the fundamental role of technologies to advance knowledge in the field. Secondly, a theme on harnessing the expansion of knowledge on psychiatric disorders and their treatment for children and adolescents, exemplified by chapters on different kinds of adversity in child and adolescent mental health and a chapter on precision therapeutics. Given the location of the IACAPAP Congress, the third theme focuses on aspects of child and adolescent mental health in the Eastern Mediterranean Region. Chapters provide insights into a broad range of contemporary technology and service innovation related topics in child and adolescent psychiatry and mental health. These include growing up in the digital age, cyberbullying, clinical applications of big data and machine learning, computerized cognitive behavioral therapy, technology-enhanced learning, lessons from COVID-19, new understanding of the consequences of psychological trauma, autoimmune encephalitis, and precision therapeutics in depression. Acknowledging the global challenge of child and adolescent psychiatry and mental health, readers will find an emphasis on contextual challenges in the field, including innovations for scaling up of mental health intervention in low and middle income countries and research and training in the Eastern Mediterranean Region. Emphasizes digital influences and applications in child and adolescent mental health research, psychiatric treatments, and training. Highlights children and adolescents in adversity, including COVID-19 and psychological trauma. Appraises new approaches to understanding selected psychiatric disorders in children and adolescents. Addresses the research in child and adolescent psychiatry and mental health across the Eastern Mediterranean Region and training in the Gulf Region.
