

On An Irish Island

Stephen A. Royle

On An Irish Island:

On an Irish Island Robert Kanigel, 2012 Presents a tribute to Ireland's Great Blasket Island and the people it has influenced examining how its seaside culture was nearly untouched by time throughout the first half of the twentieth century

The Island of the White Cow Deborah Tall, 1986 Conveys the essence of life on a remote Irish island where the author lived for five years

Islands of the Mind Richard Pine, 2020-02-05 730 million people almost 10% of the world's population inhabit islands One quarter of the states represented at the United Nations are islands Islands constitute almost twenty percent of the total land area of Greece and exhibit more significant aspects of biodiversity than other global contexts They are both occasions of triumph and occurrences of catastrophe Islands are both open and enclosed communities points of arrival and departure Islands exert a fascination for the visitor and generate in the islander both positive and negative mindsets The romantic fallacies about self sufficiency and insularity of islands are constantly challenged This collection of essays by scholars from some of the world's most compelling islands Jersey Ireland Tasmania Corfu Ereikousa Prince Edward Island Malta explores the psychology of islands islanders and their visitors the literatures they stimulate and the scientific ethical and biogeographical issues they present in an increasingly globalised world Corfu the home of Lawrence and Gerald Durrell in the 1930s and host to literary and scientific enquiry is the place where this collection was conceived and occupies a central place in its discussions

[The Last Blasket King](#) Gerald Hayes, Eliza Kane, 2015-04-20 The last King of the Great Blasket Island was Pdraig Cathin known as Peats Mhic who served for quarter of a century until his death in 1929 The King helped the islanders navigate through life and through national as well as international events such as the 1916 Rising and the Great War This book tells how he came to be King of the Great Blasket Island and how his personality and integrity shaped the role This is the first account of the King's extraordinary life written in collaboration with his descendants in the USA and Ireland It tells the story of this unique man his many contributions to the island and his extended legacy Also available From the Great Blasket to America by Michael Carney and The Loneliest Boy in the World by Gearoid Cheaist Cathin

Geography Of Islands Stephen A. Royle, 2002-09-11 First Published in 2004 Islands have always fascinated people They often seem remote and mysterious set between the continents on which most people live Indeed many people choose islands for their perfect holiday idyll In practice however the everyday social and economic reality is often very different A Geography of Islands firstly examines the differing ways islands are formed Despite the uniqueness of such islands in terms of shape size flora and fauna and also their economic and developmental profiles they all share certain characteristics and constraints imposed by their insularity These present islands everywhere with a range of common problems A Geography of Islands considers how their small scale isolation peripherality and often a lack of resources has affected islands in the present day and their past It considers and discusses population issues communications and services island politics and new ways of making a living especially tourism found within contemporary island geography A Geography of Islands gives a

comprehensive survey of islandness and its defining features Stephen A Royle has visited and studied 320 islands in 50 countries in all the world's oceans It is full of up to date global case studies from Okinawa to Inishbofin and Hawaii to Crete In the final chapter all the themes are brought together in a case study of the Atlantic island of St Helena It is well illustrated with the author's own photographs and maps This book will appeal to those studying islands as well as those with an interest in the topic particularly those engaged in dealing with small island economies

Hy Brasil: The Metamorphosis of an Island Barbara Freitag, 2013 Brasil Island better known as Hy Brasil is a phantom island In the fourteenth century Mediterranean mapmakers marked it on nautical charts to the west of Ireland and its continued presence on maps over the next six hundred years inspired enterprising seafarers to sail across the Atlantic in search of it Writers too fell for its lure While English writers envisioned the island as a place of commercial and colonial interest artists and poets in Ireland fashioned it into a fairyland of Celtic lore This pioneering study first traces the cartographic history of Brasil Island and examines its impact on English maritime exploration and literature It investigates the Gaelicization process that the island underwent in nineteenth century and how it became associated with St Brendan Finally it pursues the Brasil Island trope in modern literature the arts and popular culture Small Worlds, Global Lives Russell King, John Connell, 1999-10-01

Geologists most from Australia and Britain but with some outliers from continental Europe and North America focus on small islands where the scarcity of people and resources make migration substantially important socially and economically The topics include the Azores historical cultural and literary perspectives on emigration from the minor islands of Ireland Nevis and the post war labor movement in Britain islands and the migration experience in the fiction of Jamaica Kincaid from dystopia to utopia on Norfolk Island Tongans online the changing contours of migrant Samoan kinship and finding a retirement place in sunny Corfu

Ireland's Islands Peter Somerville-Large, 1999 **Island of the White Cow** Deborah Tall, 1990-01 **Islands Magazine**, 2003-09 **The Blasket Islandman** Gerald Hayes, 2018-05-04

Tom's Criomhthain 1856-1937 is one of the giants of Irish language literature His best known books *Allagar na hInise* and *An tOile nach* are acknowledged classics But he was a highly unlikely author He lived his entire life on the isolated and now abandoned Great Blasket in a house he built with his own hands using stones he found on the island Likewise he crafted a valuable literary heritage out of island life With indefatigable persistence he steadily built on his modest formal education learning to read and write in Irish during middle age while simultaneously expanding his knowledge of literature and history Scholarly visitors were impressed with Tom's observations of his tiny community They encouraged him to commit his stories and memories to paper He wrote three first person accounts of his experiences bequeathing to us a captivating saga of a folk culture doomed by difficult circumstances His works are among the first examples of Ireland's transition from oral to written folk storytelling The Blasket Islandman tells for the first time the full story of Tom's life with its many triumphs and travails This absorbing account also describes the forces that influenced his work and details his impressive legacy Tom was determined that his

community be remembered In the process he achieved a level of immortality for himself More than eighty years after his passing he remains the famed Blasket Islandman and to paraphrase the man himself the like of him will never be again

The Irish Yearbook of International Law, Volume 3, 2008 Jean Allain, Siobhán Mullally, 2011-02-28 The Irish Yearbook of International Law is intended to stimulate further research into Ireland's practice in international affairs and foreign policy filling a gap in existing legal scholarship and assisting in the dissemination of Irish thinking and practice on matters of international law On an annual basis the Yearbook presents peer reviewed academic articles and book reviews on general issues of international law Designated correspondents provide reports on international law developments in Ireland Irish practice in international fora and the European Union and the practice of joint North South implementation bodies in Ireland In addition the Yearbook reproduces documents that reflect Irish practice on contemporary issues of international law Publication of the Irish Yearbook of International Law makes Irish practice and *opinio juris* more readily available to Governments academics and international bodies when determining the content of international law In providing a forum for the documentation and analysis of North South relations the Yearbook also make an important contribution to post conflict and transitional justice studies internationally As a matter of editorial policy the Yearbook seeks to promote a multilateral approach to international affairs reflecting and reinforcing Ireland's long standing commitment to multilateralism as a core element of foreign policy

On the Edge Diarmaid Ferriter, 2018-10-04 SHORTLISTED FOR THE ONSIDE NONFICTION BOOK OF THE YEAR 2018 The islands off the coast of Ireland have long been a source of fascination Seen as repositories of an ancient Irish culture and the epitome of Irish romanticism they have attracted generations of scholars artists and filmmakers from James Joyce to Robert O Flaherty looking for a way of life uncontaminated by modernity or materialism But the reality for islanders has been a lot more complex They faced poverty hardship and official hostility even while being expected to preserve an ancient culture and way of life Writing in her 1936 autobiography Peig Sayers resident of Blaskets island described it as this dreadful rock In 1841 there were 211 inhabited islands with a combined population of 38 000 by 2011 only 64 islands were inhabited with a total population of 8 500 And younger generations continue to leave By documenting the island experiences and the social cultural and political reaction to them over the last 100 years On the Edge examines why this exodus has happened and the gulf between the rhetoric that elevated island life and the reality of the political hostility towards them It uncovers through state and private archives personal memoirs newspaper coverage and the author's personal travels the realities behind the dreadful rocks and the significance of the experiences of and reactions to those who were and remain literally on the very edge of European civilisation

Islands Stephen A. Royle, 2014-08-15 From Charles Darwin's enlightening voyage to the Galapagos Islands to moat encased prisons incarcerating the world's deadliest prisoners islands have been sites of immense scientific political and creative importance An inspiration for artists and writers they can be lively centers of holiday revelry or remote mysterious spots places of escape or of exile and imprisonment In this

cultural and scientific history of these alluring isolated territories Stephen A Royle describes the great variety of islands their economies and the animals plants and people who thrive on them Royle shows that despite the view of some islands as earthly paradises they are often beset by severe limitations in both resources and opportunities Detailing the population loss many islands have faced in recent years he considers how islanders have developed their homes into tourist destinations in order to combat economic instability He also explores their exotic otherworldly beauty and the ways they have provided both refuge and inspiration for artists such as Paul Gauguin in Tahiti and George Orwell on the Scottish island of Jura Filled with illustrations Islands is a compelling and comprehensive survey of the geographical and cultural aspects of island life The

Maritime Zones of Islands in International Law C.R. Symmons,2024-10-28 **The Island Experience** ; John C.

Haughey,1993 **The Notion of Near Islands** Nenad Starc,2020-09-30 Viewed from the mainland the history of the archipelago appears as a long list of non invited but irresistible disembarkations Viewed from on an island the archipelago has had a rich and unique history of sustainable use of scarce resources The main theme of this book is the exploration of the meanings of near islands of the archipelago General and particular features of 1 246 islands of the Croatian archipelago are starting points of stories about particular islands subarchipelagos and urban archipelagos The chapters question and analyse the archipelago identity from different perspectives Approached as a group of islands the analysis investigates features of subarchipelagos urban subarchipelagos mainland dependent islands outlying islands and island emigrant communities that are trying to restore and conserve their island This book highlights the identity and identities of the archipelago as both complex and multidimensional *Islands of the Emotional and Moral Imagination* Barbara A. Clark,James Joss

French,2024-09-02 Islands of the Emotional and Moral Imagination is for all those who are on a search for inspiration in their life If one is dwelling in fear they may choose not to take this new path When confronted with the unknown fear can discourage a chance to seek and find courage truth and faith hidden within Let us take you on a journey to the islands Step into our currach weaving through the waves You will find comfort when one of the islands becomes visible through the mist You will be introduced to our friends as we step off on the islands to explore a wonder of mystery awaiting our curious hearts and minds We will be delighted with new aesthetic experiences growing closer in wisdom of the divine imagination Let us weave the threads from life s memories into a tapestry of ideas and possibilities Breathe in and out each memory that surfaces from the deep shadowed regions of your mind heart and soul Feel the toss of your life s waves as unexplained storms are remembered always knowing that an island of hope will appear on your soul s horizon **Donegal Islands**

Wallace Clark,2003 *Extreme Tourism: Lessons from the World's Cold Water Islands* Godfrey Baldacchino,2006-08-11 This book is a pioneering investigation of the tourism practices in the world s other cold water islands Located in extreme latitudes and subject to extreme weather conditions these islands have been developing their tourism appeal in manners that appear sustainable They present themselves in images that speak to the pristine unique and superlative aspects of their

natural environment history and culture Limited seasonality difficulty of access restricted infrastructure harsh climates and water too cold to swim in are integral features of the tourism industry often welcomed as appropriate filters to the slide to the mass market The collection contains 13 island case studies A set of seven hail from Northern latitudes Baffin Nunavut Canada Banks Northwest Territories Canada Greenland Kaalaalit Nunaat Iceland Lule Sweden Nunivak Alaska Solovetsky Russia and Svalbard Norway A second set of four cover the Southerly islands of Chatham New Zealand Falklands Macquarie Australia and Stewart New Zealand Two other chapters discuss islands from the particular vantage points of cruise ship tourism one for the Arctic region and one for the Antarctic Additionally five conceptual chapters provide insights into key tourism management issues as they apply to cold water island experiences a human resources b environment c promotion d seasonality and e access
