Publisher's Weekly on David Weber's Honorverse series It is impossible not to be entertained delighted even enthralled by this splendid piece of storytelling Booklist an outstanding blend of military technical writing balanced by superb character development and an excellent degree of human drama very highly recommended Wilsin Library Bulletin *March to the Stars* David Weber, John Ringo, 2003 Roger Ramius Sergei Alexander Chiang MacClintock has had a really bad year Bad enough to be the spoiled rotten fop of a prince no one wanted or trusted Jacket **Empire From the Ashes** David Weber, 2003-03-01 WE HAVE A JOB FOR YOU Just a routine day in lunar orbit That's all Lieutenant Commander Colin MacIntyre USN expected Only a simple training mission to test a new survey instrument intended for the first manned American Russian interstellar flight What he got was just a bit different First there was the fact that Earth didn't actually have a Moon Then there was the three thousand kilometer diameter alien starship pretending it was the Moon And the millennia old cybernetic intelligence that shanghaied him to serve as its crew Colin might have been forgiven for thinking that those were enough surprises for any one man but there were a few other small problems Like the deadly mutiny which had been raging longer than the human race had existed on Earth and still wasn't over Or like the millions of other starships crewed by genocidal aliens dedicated to the extermination of all possible competing life forms which just happened to be headed straight towards Earth Or like the interstellar empire whose aid offered humanity's only hope for survival except for the minor fact that its last emperor and all of his subjects had died forty five thousand years ago Add in the occasional homicidal terrorist religious fanatics convinced that the only good MacIntyre was a dead MacIntyre a big weapon capable of killing every living thing on any planet a super bomb which could take out whole worlds a starship drive which could destroy complete solar systems and the need to organize the entire planet Earth and all of its warring mutually murderous factions for a probably hopeless last ditch defense and Colin was convinced that things were just about as bad as they could possibly get Until he found out whose job it had just become to fix all those problems of course At the publisher's request this title is sold without DRM Digital Rights Management **The Shadow of Saganami** David Weber, 2004-11-01 STUDENTS OF HONOR The Star Kingdom of Manticore is once again at war with the Republic of Haven after a stunning sneak attack The graduating class from Saganami Island the Royal Manticoran Navy's academy are going straight from the classroom to the blazing reality of all out war Except for the midshipmen assigned to the heavy cruiser HMS Hexapuma that is They're being assigned to the Talbott Cluster an out of the way backwater far from the battle front The most they can look forward to is the capture of the occasional pirate cruiser and the boring duty of supporting the Cluster's peaceful integration with the Star Kingdom at the freely expressed will of eighty percent of the Cluster's citizens With a captain who may have seen too much of war and a station commander who isn't precisely noted for his brilliant and insightful command style it isn't exactly what the students of Honor Harrington the Salamander expected But things aren't as simple or tranquil as they appear The pirates they encounter aren't what they seem and the peaceful integration they expected turns into something very different A

powerful alliance of corrupt Solarian League bureaucrats and ruthless interstellar corporations is determined to prevent the Cluster's annexation by the Star Kingdom by any means necessary. Pirates, terrorists, genetic slavers, smuggled weapons, long standing personal hatreds and a vicious alliance of corporate greed, bureaucratic arrogance and a corrupt local star nation with a powerful fleet are all coming together and only Hexapuma, her war weary captain and Honor Harrington's students stand in the path. They have only one thing to support and guide them: the tradition of Saganami. The tradition that sometimes a Queen's officer's duty is to face impossible odds and die fighting. Digital Rights Management *At All Costs* David Weber, 2005-11-01. What price victory? The war with the Republic of Haven has resumed disastrously for the Star Kingdom of Manticore. Admiral Lady Dame Honor Harrington, Steadholder and Duchess Harrington, the single victorious Allied commander of the opening phase of the new war, has been recalled from the Sidemore System to command Eighth Fleet. Everyone knows Eighth Fleet is the Alliance's primary offensive command, which makes it the natural assignment for the woman the media calls the Salamander. But what most of the public DOESN'T know is that not only are the Star Kingdom and its Allies badly outnumbered by the Republic's new fleet, but that the odds are going to get steadily worse. Eighth Fleet's job is to somehow prevent those odds from crushing the Alliance before the Star Kingdom can regain its strategic balance. It's a job which won't be done cheaply. Honor Harrington must meet her formidable responsibilities with inferior forces, even as she copes with tumultuous changes in her personal and public life. The alternative to victory is total defeat, yet this time the COST of victory will be agonizingly high. At the publisher's request, this title is sold without DRM.
