Popular Politics in the Making of the Modern Middle East John

Chalcraft, 2016-03-22 The waves of protest ignited by the self-immolation of Muhammad Bouazizi in Tunisia in late 2010 highlighted for an international audience the importance of contentious politics in the Middle East and North Africa. John Chalcraft's ground-breaking account of popular protest emphasizes the revolutionary modern history of the entire region. Challenging top-down views of Middle Eastern politics, he looks at how commoners, subjects and citizens have long mobilised in defiance of authorities. Chalcraft takes examples from a wide variety of protest movements from Morocco to Iran. He forges a new narrative of change over time, creating a truly comparative framework rooted in the dynamics of hegemonic contestation. Beginning with movements under the Ottomans which challenged corruption and oppression under the banners of religion, justice, rights and custom, this book goes on to discuss the impact of constitutional movements, armed struggles, nationalism and independence, revolution and Islamism. A work of unprecedented range and depth, this volume will be welcomed by undergraduates and graduates studying protest in the region and beyond.

Islamist Politics in the Middle East Samer Shehata, 2012-08-06 For over three decades, Islamist politics or political Islam has been one of the most dynamic and contentious political forces in the Middle East. Although there is broad consensus on the importance of political Islam, there is far less agreement on its character, the reasons for Islamists' success, the role of Islamist movements in domestic and international affairs or what these movements portend for the future. This volume addresses a number of central questions in the study of Islamist politics in the Middle East through detailed case studies of some of the region's most important Islamist movements. Chapters by leading scholars in the field examine the Egyptian Muslim Brotherhood, Hamas, Hizbullah, Morocco's Justice and Benevolence, the Jordanian Muslim Brotherhood, the Sunni Insurgency in Iraq and Islamist politics in Turkey and Iran. The topics addressed within this volume include social networks and social welfare provision, Islamist groups as opposition actors, Islamist electoral participation, the intersection of Islam and national liberation struggles, the role of religion in Islamist politics and Islam and state politics in Iran, among other topics. All of the contributing authors are specialists with deep knowledge of the subject matter who are committed to empirically based research. These scholars take Islamists seriously as modern, sophisticated and strategic political players. Together, their work captures much of the diversity of Islamist politics in the region and will contribute to the scholarship on a topic that continues to be important for the Middle East and the world.
