Once A Paradise Dargent Of Arican 1:

Once a Paradise: Dargent of Arican Corey Ross Cole, 2018-05-24 Dargent's thoughts and emotions have been neuro regulated just like the vast majority of Earth's ocean city dwelling population. He's also skilled at manufacturing consent and he's soon to be the last best hope for a far flung planet in turmoil. On the planet Arican technology shunning rebels are wreaking havoc. They're resisting the elites' efforts to enforce global control and surveillance. Dargent must struggle to maintain some semblance of humanity while surviving without his former neuro regulation by Earth's elites. He's with his ex girlfriend Maria, a suspicious and possibly sinister pilot, a curiously intelligent PKD head with revolutionary potential, Justine, Dargent's enigmatic and brilliant daughter, and a Poe Portal. Arican's fate rests with Dargent, and soon will Earth's.

Separation of Powers in African Constitutionalism Charles Manga Fombad, 2016. The effective division of powers is critical to ensuring the promotion of good governance, democracy, and the rule of law in Africa. This book examines key issues arising during reforms of African constitutions and focuses on the emergence of independent constitutional institutions providing checks against future abuses of powers. African American History Day by Day Karen Juanita Carrillo, 2012-08-22. The proof of any group's importance to history is in the detail, a fact made plain by this informative book's day by day documentation of the impact of African Americans on life in the United States. One of the easiest ways to grasp any aspect of history is to look at it as a continuum. African American History Day by Day: A Reference Guide to Events provides just such an opportunity. Organized in the form of a calendar, this book allows readers to see the dates of famous births, deaths, and events that have affected the lives of African Americans and by extension of America as a whole. Each day features an entry with information about an important event that occurred on that date. Background on the highlighted event is provided along with a link to at least one primary source document and references to books and websites that can provide more information. While there are other calendars of African American history, this one is set apart by its level of academic detail. It is not only a calendar but also an easy to use reference and learning tool. *Once a Paradise* Corey Ross Cole, 2015-06-24. Dargent's
