Smedley Butler

One War At A Time P:

Lights, Camera, War Johanna Neuman, 1996 Assesses the influence of worldwide media coverage on political decisions and discusses how the political process adapts to new technologies **The American Magazine**, 1914 *The Impact of World War One on Limerick* Tadhg Moloney, 2014-03-26 This book examines the impact of World War One on the people of Limerick It traces how recruitment which was weak at the commencement of the war increased locally after the leader of the Irish Parliamentary Party John Redmond issued his call for Irish nationalists and others to enlist and as the war progressed how Sinn F in separatists impinged on recruiting efforts It also shows that the British War Office were unwitting contributors to the separatists cause by their ill conceived actions that only assisted them in their political cause and anti recruiting campaign The book also tracks how the separatists gained considerably in both military and political strength locally through the inept policies that changed public support for the war effort thereby paving the way for the Sinn F in victory in the General Election of December 1918 thus giving credence to the author and poet Robert Graves description that Limerick had become a Sinn F in ridden town Further to this it demonstrates that despite the best efforts of local capitalists to procure war work contracted out by the British War Office only very little was achieved the War Office ensuring that the vast array of such work was to remain in Britain Some local capitalists did of course gain as a result of the war these were notably those such as merchants and farmers who were in a position to provide Britain and her army with all the foodstuffs that she required Those on low incomes namely the working class who also provided the majority of recruits for the armed forces were to suffer through the ever increasing price rises This book therefore reveals a complex scene where social and political alignments reflect much of what was happening nationally but also had uniquely local characteristics **The History of England from the Earliest Period to the Present Time, Compiled from the Most Authentic Sources** David Hume, William Cooke Stafford, 1868 *Revised Statutes of the United States, Passed at the First Session of the Forty-third Congress, 1873-74; Embracing the Statutes of the United States, General and Permanent in Their Nature, in Force on the First Day of December, One Thosand Eight Hundred and Seventy-three, as Revised and Consolidated by Commissioners Appointed Under an Act of Congress (etc.). Mit 2 Suppl.-Vol* [Anonymus AC10343482], 1875 **Complete Army Register of the United States for One Hundred Years (1779-1879)** ... Thomas Holdup Stevens Hamersley, 1880 **Report of the Federal Trade Commission on War-time Costs and Profits of Southern Pine Lumber Companies** United States. Federal Trade Commission, 1922 **The Better Germany in War Time: Being Some Facts Towards Fellowship** Harold W. Picton, 2022-09-15 In *The Better Germany in War Time Being Some Facts Towards Fellowship* Harold W Picton presents a thought provoking exploration of Germany during World War I challenging the prevailing narratives of enmity and animosity Through meticulous research and a compelling narrative style Picton offers insights into the social cultural and political landscapes that shaped wartime Germany His balanced perspective captures the complexities of national identity examining

how a nation perceived as the aggressor can also possess redeeming qualities thus fostering a discourse of fellowship amidst conflict The author s eloquent prose invites readers to reflect critically on the nature of wartime propaganda and its effects on public consciousness Harold W Picton was a notable scholar with profound interests in sociology and history which likely influenced his decision to pen this work His background as a social critic and his experiences in observing the consequences of war on societies provided him with a unique vantage point to question entrenched views of Germany during this tumultuous period Picton s goal was to bridge gaps in understanding and promote mutual respect during a time when such sentiments were scarce This book is highly recommended for scholars historians and general readers interested in the complexities of wartime narratives Picton s passionate argument for understanding over vilification is not only timely but essential for fostering empathy and reconciliation By grappling with difficult truths readers will emerge with a deeper understanding of not just Germany but also the broader implications of conflict in the human experience War is a Racket Smedley Butler,2018-01-19 War Is a Racket is a speech and a 1935 short book by Smedley D Butler a retired United States Marine Corps Major General and two time Medal of Honor recipient Based on his career military experience Butler frankly discusses how business interests commercially benefit including war profiteering from warfare He had been appointed commanding officer of the Gendarmerie during the United States occupation of Haiti which lasted from 1915 to 1934
