The Archaeological Identity of the Mutapa State Innocent Pikirayi, 1993

Port Cities and Intruders Michael N. Pearson, 2002-10-14 Selected by Choice Magazine as an Outstanding Academic Title In *Port Cities and Intruders* historian Michael Pearson explores the role of port cities and their orientation relations between the coast and the interior the place of the coast in the world economy and the impact of the Portuguese in the early modern period

African Kingdoms Linda Hill, 2025-03-19 *African Kingdoms* challenges conventional often Eurocentric views by exploring the sophisticated political economic and military systems of pre colonial African societies Delving into major kingdoms like Great Zimbabwe and the Ashanti Empire the book reveals how these societies were active agents in shaping their own destinies and influencing global events It highlights that many of these kingdoms possessed complex governance structures and extensive trade networks demonstrating their significant contributions to global civilization often overlooked in traditional histories This exploration unfolds chapter by chapter beginning with an introduction that sets the stage by addressing common misconceptions Subsequent chapters provide case studies analyzing each kingdom's political structure economic systems and military organization The book's research relies on diverse sources including archaeological evidence oral traditions and primary accounts ensuring a balanced portrayal By prioritizing African voices *African Kingdoms* offers a unique and more accurate perspective on pre colonial African history The book culminates by synthesizing its findings to assess the overall impact of African kingdoms on regional and global history It emphasizes their contributions to trade diplomacy and cultural exchange promoting a more nuanced understanding of the African past and its relevance to global history This approach provides valuable insights into alternative models of governance and development challenging stereotypes and fostering a deeper appreciation of African heritage

Farmers, Kings, and Traders Martin Hall, 1990-10-15 In this overview of the origins and development of black societies in southern Africa Martin Hall reconstructs the region's past by thoroughly examining both the archaeological and the historical records Beginning with the gradual southward movement of the earliest farmers nearly two thousand years ago Hall tracks the emergence of precolonial states such as Mapungubwe and Great Zimbabwe *Farmers Kings and Traders* concludes with the devastating effects of colonialism Through a close reading of the accounts of early travelers colonialists archaeologists and historians Hall places in context the often contradictory histories that have been written of this region The result is an illuminating look at how ideas about the past have themselves changed over time

The Political Legacy of Colonialism in Zimbabwe Everisto

Benyera,2024-11-18 This book investigates the political legacy of colonialism in contemporary African institutions Using the case study of electoral and justice institutions in post colonial Zimbabwe the book explores how those in post colonial states relate to and with institutions initially designed to oppress them and remain structurally and systematically colonial The book argues that the colonial era colonised the land knowledge and minds of Africans resulting in injustice and epistemicides The book demonstrates how the critical institutions of elections and justice have been rendered anti black and toxic The book calls for Africa to invest in epistemic independence unencumbered by Western political modernity and then deploy that independence to build reconstituted institutions structures and systems that serve the interests of Africans This book will be an important read for African policymakers and researchers working on African politics governance and international relations

The Archaeology of Africa Bassey Andah,Alex Okpoko,Thurstan Shaw,Paul Sinclair,2014-05-22 Africa has a vibrant past It emerges from this book as the proud possessor of a vast and highly complicated interweaving of peoples and cultures practising an enormous diversity of economic and social strategies in an 2xtraordinary range of environmental situations At long last the archaeology of Africa has revealed enough of Africa s unwritten past to confound preconceptions about this continent and to upset the picture inferred from historic written records Without an understanding of its past complexities it is impossible to grasp Africa s present let alone its future

The History of Africa Molefi Kete Asante,2024-01-31 The new edition of this comprehensive survey of African history provides an accessible overview of the continent s narrative focusing on the autonomy and achievements of the African people The book brings readers closer to an authentic Africa by paying close attention to the lives of everyday people and highlighting insights and ideas that are often missed in typical survey texts The fourth edition offers expanded coverage of smaller linguistic and ethnic groups in Africa in order to provide a more inclusive history noting a few individual groups while also analyzing their contributions to the overall narrative and African culture Liberia s hidden history is given greater attention in this updated volume as well as the ethnic and religious tensions in Nigeria and Sudan While the book emphasizes that African history is always being made the fourth edition brings the record up to date and grapples with contemporary issues in culture and politics The History of Africa is an indispensable text for students and researchers in African history cultural studies philosophy and politics

The Historical Dimensions of Democracy and Human Rights in Zimbabwe Ngwabi Bhebe,T. O. Ranger,2001 **Africa from the Sixteenth to the Eighteenth Century** Unesco. International Scientific Committee for the Drafting of a General History of Africa,1999
