**Ilias Latina** Steven J. Green, 2025-03-27 The Ilias Latina the title coined by Emil Baehrens in his 1881 edition is a condensed version of Homer's Iliad spanning 1 070 verses of Latin hexameter It was likely composed during the latter part of the principate of Nero c AD 60 65 The poem has long suffered the scholarly status of second order poetry the sort of imitative translation work that a Roman might compose at the beginning of his literary career The poem's chief legacy as a medieval school text that acquainted a Greek less audience with Homer has done little to assist its literary reputation More recent times however have seen a greater appreciation for the literary cultural and political significance of Latin translation of Greek works More specifically there is now a growing awareness that the Ilias Latina is a sophisticated enterprise in its own right the poem is a Roman appropriation of Homer's Iliad reinterpreted through Rome's own national epic Virgil's Aeneid and recalibrated to fit the artistic and political sensibilities of the early imperial age This book includes introductory chapters Latin text English translation and detailed verse by verse commentary on the poem The translation is the first to appear in English in a major mainstream press The commentary also the first to appear in English takes on board the full range of international scholarship and provides new insights into the poem's intricacies and creative engagement with Homer and the Roman poets
