**The Complete Guide to Making Mead, Updated Edition** Steve Piatz, 2025-06-03 Make delicious meads in many varieties and flavor profiles with this completely updated edition of the definitive companion book for home mead making. Some stories suggest that mead was originally discovered when one of our not yet upright forebears stuck their hand in a fermenting bee hive and came away with a honeycomb containing a little more than they bargained for. Whatever the truth, brewers have brought this beverage into the twenty-first century and you can rest assured that *The Complete Guide to Making Mead* is a thoroughly up-to-date, modern and authoritative guide to homemade mead. Best of all, it has something for everyone, from the stone-cold beginner to the seasoned veteran. Written by award-winning mead maker Steve Piatz, the book features a brief history of the fermented beverage and a rundown of the various types of mead: Dozens of recipes for basic meads: honey only, melomels (honey and fruit), metheglins (honey and spices), and braggots (honey and malt). A discussion of the many types of honey that are available, their characteristics, and where to source them. Information on yeast and special ingredients, as well as what equipment is necessary and recommended. An illustrated and detailed look at the basic process. Advanced techniques such as oaking, clarifying, aging, spicing, and blending. Guidance on developing recipes and troubleshooting problems with the brewing process. More than 100 color photos. Make your own mead and make a toast to this ancient alcoholic drink with this comprehensive guide.
