Geography for the IB MYP 4&5: by Concept Louise Harrison,Thierry Torres,2019-08-12 Develop your skills to become an inquiring learner ensure you navigate the MYP framework with confidence using a concept driven and assessment focused approach to Geography presented in global contexts Develop conceptual understanding with key MYP concepts and related concepts at the heart of each chapter Learn by asking questions for a statement of inquiry in each chapter Prepare for every aspect of assessment using support and tasks designed by experienced educators Understand how to extend your learning through research projects and interdisciplinary opportunities Think internationally with chapters and concepts set in global contexts **Concepts, Methods and Practical Applications in Applied Demography** Richard K. Thomas,2018-01-29

This textbook offers a comprehensive overview of applied demography by presenting both basic concepts and methodological techniques It allows students from the social and human sciences demographers consultants and anyone interested in applied demography to gain an understanding of a wide range of practical applications of demographic concepts methods and techniques to real world problems Featured sidebars highlight relevant terms and concepts and case studies and exercises throughout the book offer first hand exposure to demographic applications Charts and graphs supplement the presentation of demographic concepts and a glossary provides an inventory of relevant terms The first section reviews basic components of applied demography as a context for understanding and addressing societal issues It details the methods techniques and data sources applied by demographers in a variety of areas Coverage includes cohort analysis data standardization population estimation and the use of geographic information systems GIS The second section focuses on the substantive areas in which demography is currently applied The topics covered include business demography health demography political demography educational demography and applications to urban and regional planning The book illustrates the many ways in which demographers contribute to the formulation of public policy and the resolution of societal issues Discovering Statistics Using IBM SPSS Statistics Andy Field,2017-11-03

With an exciting new look math diagnostic tool and a research roadmap to navigate projects this new edition of Andy Field s award winning text offers a unique combination of humor and step by step instruction to make learning statistics compelling and accessible to even the most anxious of students The Fifth Edition takes students from initial theory to regression factor analysis and multilevel modeling fully incorporating IBM SPSS Statistics version 25 and fascinating examples throughout SAGE edge offers a robust online environment featuring an impressive array of free tools and resources for review study and further exploration keeping both instructors and students on the cutting edge of teaching and learning Course cartridges available for Blackboard Canvas and Moodle Andy Field is the award winning author of *An Adventure in Statistics The Reality Enigma* and is the recipient of the UK National Teaching Fellowship 2010 British Psychological Society book award 2006 and has been recognized with local and national teaching awards University of Sussex 2015 2016 *The SAGE Handbook of Visual Research Methods* Eric

Margolis, Luc Pauwels, 2011-08-09 This 42 chapter volume represents the state of the art in visual research. It provides an introduction to the field for a variety of visual researchers, scholars and graduate students in art, sociology, anthropology, communication, education, cultural studies, women's studies, ethnic studies, global studies and related social science and humanities disciplines. The SAGE Handbook of Visual Research Methods encompasses the breadth and depth of the field and points the way to future research possibilities. It illustrates cutting edge as well as long standing and recognized practices. This text is not only about research; it is also an example of the way that the visual can be incorporated in data collection and the presentation of research findings. Contributors to the book are from diverse backgrounds and include both established names in the field and rising stars. Chapters describe a methodology or analytical framework, its strengths and limitations, possible fields of application and practical guidelines on how to apply the method or technique. The Sage Handbook of Visual Research Methods is organized into seven main sections: I Framing the Field of Visual Research, II Producing Visual Data and Insight, III Participatory and Subject Centered Approaches, IV Analytical Frameworks and Approaches, V Visualization Technologies and Practices, VI Moving Beyond the Visual, VII Options and Issues for Using and Presenting Visual Research.

The SAGE Handbook of Visual Research Methods Luc Pauwels, Dawn Mannay, 2019-12-10 The second thoroughly revised and expanded edition of The SAGE Handbook of Visual Research Methods presents a wide ranging exploration and overview of the field today. As in its first edition, the Handbook does not aim to present a consistent view or voice, but rather to exemplify diversity and contradictions in perspectives and techniques. The selection of chapters from the first edition have been fully updated to reflect current developments. New chapters to the second edition cover key topics including picture sorting techniques, creative methods using artefacts, visual framing analysis, therapeutic uses of images and various emerging digital technologies and online practices. At the core of all contributions are theoretical and methodological debates about the meanings and study of the visual, presented in vibrant accounts of research design, analytical techniques, fieldwork encounters and data presentation. This handbook presents a unique survey of the discipline that will be essential reading for scholars and students across the social and behavioural sciences, arts and humanities and far beyond these disciplinary boundaries. The Handbook is organized into seven main sections: PART 1 FRAMING THE FIELD OF VISUAL RESEARCH, PART 2 VISUAL AND SPATIAL DATA PRODUCTION METHODS AND TECHNOLOGIES, PART 3 PARTICIPATORY AND SUBJECT CENTERED APPROACHES, PART 4 ANALYTICAL FRAMEWORKS AND PERSPECTIVES, PART 5 MULTIMODAL AND MULTISENSORIAL RESEARCH, PART 6 RESEARCHING ONLINE PRACTICES, PART 7 COMMUNICATING THE VISUAL FORMATS AND CONCERNS.

National 4 & 5 Geography: Human Environments Calvin Clarke, Susan Clarke, 2015-10-30 Cover every base with the complete resource for National 4 & 5 Geography, endorsed by SQA.
