Fundamentals of Children and Young People's Anatomy and Physiology Ian Peate, Elizabeth Gormley-Fleming, 2021-04-27 Fundamentals of Children and Young People's Anatomy and Physiology contains the critical knowledge required to provide safe and effective care to young people. Emphasising the application of evidence based theory to practice this comprehensive yet accessible textbook helps nursing and healthcare students understand how children's anatomical and physiological systems influence disease processes and treatment options differently than in adults. Highly visual, succinct yet comprehensive, this textbook presents an overview of the structure and function of each body system supported by clinical applications demonstrating how the concepts relate to nursing in practice. Fully revised to reflect the Future Nurse Curriculum Standards, this second edition contains a new chapter on physical growth and development, discussion of social, political and environmental impacts to children's health and wellbeing, updated problems and activities and more. Each chapter includes a range of effective pedagogical tools such as learning objectives, clinical considerations, body maps and self-assessment questions. Designed to prepare students for their careers in delivering high quality care for children in a range of settings, this leading textbook provides information on the anatomical and physiological changes that lead to an altered state of health. Emphasises clinical application throughout applying the anatomy and physiology to common health conditions in children. Offers a structured and comprehensive approach to child related anatomy and physiology theory to prepare students for practice. Fundamentals of Children and Young People's Anatomy and Physiology is essential reading for nursing and healthcare students and a useful reference for nurses, nursing associates, healthcare assistants, assistant practitioners and other professionals working in the field. All content is reviewed by students for students. If you would like to be one of our student reviewers go to www.reviewnursingbooks.com to find out more.
