But not so special that you could not just buy them. At least some of them. How to recognize what, in this form of investment, pays off. This book is all about that. Like all luxury goods, a watch must be rare and in demand to rise in value. Therefore, all consumer goods decrease in value, but not luxury goods. This book will give you all the details of investing in luxury watches in a nutshell and focused on the crucial information so once you've read it, you immediately can go and buy your first watch as an investment. *Ski*, 1998-02
