Peterson, 2024-06-17 The doctrine of believers union with Christ has undergone a renaissance in recent years Evangelicals are rightly fascinated by this previously neglected doctrine a doctrine with wide ranging implications for the whole of Christian theology and the Christian life Drawing on his extensive teaching and research experience theologian Robert Peterson has written one of the most comprehensive theological treatments of union with Christ to date highlighting the Spirit s crucial role in uniting God to his people **Union with Christ** Sung Rual Choi, 2023-11-13 Understanding union with Christ as a frame of thought as a motif or theme is important for accessing Calvin s theology While the union with Christ doctrine arises when Calvin explains the doctrine itself directly especially in light of soteriology the strong presence of this motif union with Christ union with the Triune God indicates its pervasiveness when other doctrines or theological themes are explained as well This book suggests that we approach the notion of union of Christ as a theological frame of thought that touches on most of the doctrines and theological themes of Calvin s theology This book deals with union with Christ as a motif or theme rather than as a doctrine Thomas Goodwin on Union with Christ Jonathan M. Carter, 2022-04-21 Thomas Goodwin has been described as the forgotten man of English theology and though known by some as a pioneer of congregationalism and a prominent member of the Westminster Assembly the true significance and scope of his life s work has only recently been discovered Historical reassessment has uncovered that the majority of Goodwin s treatises were intended to form a grand project defending Reformed soteriology in the 1650s against new threats as well as traditional opponents Examining Goodwin s notion of union with Christ in relation to mystical indwelling transformation justification and participation this study demonstrates the central role of union with Christ in Goodwin s soteriology The application of salvation he contended must be founded on real union with Christ i e mystical union forged by Christ s indwelling in order to advance a trinitarian federal high Reformed soteriology in which redemption from sin is set within a Reformed scheme of Christocentric deification This in depth analysis makes a fresh contribution to recent controversy over union with Christ in the post Reformation period **Reformed Systematic Theology, Volume 3** Joel Beeke, Paul M. Smalley, 2021-12-01 Here is catechesis at its best instructing the student of theology providing pastors with a sermon enriching manual and giving growing Christians a resource book that will both inform and nourish them as well as provide endless theological enjoyment Sinclair B Ferguson Chancellor s Professor of Systematic Theology Reformed Theological Seminary Teaching Fellow Ligonier

Ministries The aim of systematic theology is to engage not only the head but also the heart and hands Only recently has the church compartmentalized these aspects of life separating the academic discipline of theology from the spiritual disciplines of faith and obedience This multivolume work brings together rigorous historical and theological scholarship with spiritual disciplines and practical insights characterized by a simple accessible comprehensive Reformed and experiential approach In this volume Joel R Beeke and Paul M Smalley unpack the work and role of the Holy Spirit Pneumatology and salvation soteriology The authors examine the Holy Spirit s role in the history of salvation the order of salvation and the believers experience of salvation As readers consider the interrelationship between the Spirit and salvation they are invited to explore the direct activity of the Lord in their lives for their salvation *Sanctified Sexuality* Sandra Glahn,C. Campbell,2023-05-04 A clear and comprehensive commentary on Paul s Letter to the Ephesians In the latest Pillar New Testament Commentary Constantine R Campbell illuminates the Letter to the Ephesians with scholarly precision and pastoral warmth In line with the christological concerns of the letter Campbell calls special attention to its theme of union with Christ His thorough analysis covers a breadth of topics including salvation and grace the glory of God and the church and its mission Aimed at students and scholars of the Pauline letters Campbell s commentary carefully explains each verse of Ephesians with attention to historical and linguistic context Yet the commentary prioritizes imminent theological concerns and remains accessible to any serious reader of the New Testament Re-Envisioning Transformation David C.

Scott,2018-09-14 In today s church use of the term transformation has become commonplace Various perspectives are offered on what a Christian view of transformation is and on how it may be achieved These often conflicting views suggest an ecclesial landscape characterized by pluralism division fragmentation confusion relativism individualism pragmatism and subjectivism Despite the current interest in transformational theology the absence of a common coherent and integrated vision and the lack of transformation is often accepted and affirmed Re Envisioning Transformation looks at the possibility of moving toward a vision of transformational theology that is cohesive unified broad effectual and distinctly Christian In this book the contributions of two radically different theologians of the Christian life are examined This provides the basis from

which to develop a comprehensive and integrated framework of transformational theology pointing God's people toward the need to express and live out a distinctly Christian vision

The Doctrine of the Covenant of Redemption According to John Gill (1697-1771) Wang Yong Lee, 2025-02-11 What is the doctrine of the covenant of redemption? Why does John Gill (1697-1771), an English Baptist pastor and theologian, regard this doctrine as the kernel in his systematic theology? This book explicates how core theological doctrines in the Bible, e.g., the doctrine of God, the Trinity, Christology, and soteriology, are integrated in the doctrine of the covenant of redemption from the biblical and theological perspective of John Gill. From his long pastoral experience and over fifty years of rich writing, Gill demonstrates that a careful investigation of the Bible and of God the Trinity makes him love the reality of the covenant of redemption in eternity, which is ultimately revealed by the gospel of Jesus Christ. Gill sees those who are in the gospel of Jesus Christ as the ones through whom the eternal reality of the covenant of redemption is manifested to the saved. Gill also encourages those who are in Christ to see the eternal reality of the covenant of redemption revealed by the gospel of Jesus Christ.

Spiritual Formation for the Global Church Ryan A. Brandt, John Frederick, 2021-10-19 The church is a global body of believers called to grow in Christ. Yet too often it privileges a few voices and ignores the practical dimensions of the faith. Offering a multi-denominational, multi-ethnic vision, this volume brings together biblical scholars, theologians, and practitioners from around the world to pursue a theology and praxis of spiritual formation for the global church.

Christian Theology Christopher W. Morgan, Robert A. Peterson, 2020-05-01 In *Christian Theology*, author Christopher W. Morgan presents an accessible introduction to the core areas of systematic theology, including God, revelation, humanity, sin, Christ, and his work, the church, and the future. Each chapter highlights Scripture's teaching on a topic as it unfolds in the Bible's story line, intentionally connecting readers to the doctrines with a focus on personal application and missional living.

Toward a Priestly Christology Adriani Milli Rodrigues, 2018-11-02 *Toward a Priestly Christology* is a constructive theology on the person and work of Christ from the standpoint of a systematic thinking about his priesthood. This priesthood is usually discussed in biblical scholarship on the Christology of Hebrews and also explored in historical or systematic theology with its connections with soteriology and ecclesiology. However, there is a scarcity of studies that attempt to systematize this topic in its basic components and their ontological foundations in order to provide conceptual clarity for a constructive discussion of the priestly Christology in systematic theology. The book makes a contribution to this discussion by engaging firstly with the main models of Christ's priesthood in Christian theology and then with a theological reading of the letter to the Hebrews. In both steps, the author conceptually articulates the priesthood in terms of need, agent, actions, and goal. Then he observes the conceptual articulation from the macro-hermeneutical point of view of ontology, especially noticing how assumptions on time and space impact the internal logic of Christ's priesthood. By using existing models of this priesthood as heuristic tools for systematic thinking, the work attempts to push Christian theology toward a more dynamic understanding of Christ's priesthood, especially regarding the relationship between the
