Gilder, 1981-01-18 A worldwide bestseller when first published in 1981 Gilder s classic was returned to print with a new introduction that reminds us how far we have come and how far we have to go Centralized economic planning he argues has failed because it assumes wealth is tangible and limited Capitalism recognizes the truth that wealth is transitory that its source is creativity courage

and technological adventure Without entrepreneurs there is no wealth to distribute **Wealth and Poverty in Early Church and Society** Susan R. Holman, 2008-06 An ecumenical roster of leading specialists approach wealth and poverty through the theology social practices and institutions of early Christianity **On wealth and poverty** Saint John Chrysostom (d. 407), **Wealth & Poverty D/B X15.** David S. Landes, 1999-04-01 **Wealth & Poverty** George F. Gilder, 1993 **Wealth and Poverty in the Teachings of the Church Fathers** James Thornton, Reverend James Thornton, 1993 *Loving the Poor, Saving the Rich* Helen Rhee, 2012-11-01 The issue of wealth and poverty and its relationship to Christian faith is as ancient as the New Testament and reaches even further back to the Hebrew Scriptures From the beginnings of the Christian movement the issue of how to deal with riches and care for the poor formed an important aspect of Christian discipleship This careful study shows how early Christians adopted appropriated and transformed the Jewish and Greco Roman moral teachings and practices of giving and patronage As Helen Rhee illuminates the early Christian understanding of wealth and poverty she shows how it impacted the formation of Christian identity She also demonstrates the ongoing relevance of early Christian thought and practice for the contemporary church *Biblical Attitudes on Wealth and Poverty* Julie Morland, George Fox College. Intensified Studies Program, 1983 **We Have Plenty** Lorena M. Parrish, 2025-09-23 The Black church often maintains an allegiance to white Western approaches to wealth and material acquisition In doing so it can ignore Jesus s teachings on poverty wealth and materialism The church s ambivalence toward Jesus s understandings of poverty and wealth uniquely impacts the spiritual and material well being of Black women and the Black community As a womanist theologian Lorena Parrish argues that the Black church needs a new liberative way forward In *We Have Plenty* Parrish traces the history of theologies of prosperity to help scholars and practitioners understand the long standing appearance of prosperity gospels in the Western church In doing so she explores selected sermons and writings of St Augustine John Calvin John Wesley and Walter Rauschenbusch to show how theologies of prosperity have long been embedded in mainline Christianity sometimes imperceptibly so Parrish argues that recognizing these trajectories is critical for the Black church s capacity to foster pathways toward communal liberation and wholeness Parrish offers a womanist theology that hearkens to the liberative work of Fannie Lou Hamer s Freedom Farm Collective and illumines contemporary initiatives that cultivate pathways toward Black communal abundance Parrish shows how equipping Black church pastors and community leaders with tools to build similar strategies better positions the church and community in turn to promote more equitable human relations and communal asset building and sharing *We Have Plenty* offers a moral imagination for theologians church leaders and community activists to envision Black communal abundance and thriving in light of Jesus s teachings **Poverty, Wealth of Mankind** Albert Tévoédjrè, 1979 **The Challenge of Wealth and Poverty** Joseph Ḥayyim ben Elijah al-Ḥakam, 1996 Wealth, Poverty, and Human Destiny Doug Bandow, David Schindler, 2014-05-06 The rapid spread of the liberal market order across the globe poses a host of new and complex

questions for religious believers indeed for anyone concerned with the intersection of ethics and economics Is the market economy particularly as it affects the poor fundamentally compatible with Christian moral and social teaching Or is it in substantial tension with that tradition In *Wealth Poverty and Human Destiny* editors Doug Bandow and David L Schindler bring together some of today's leading economists theologians and social critics to consider whether the triumph of capitalism is a cause for celebration or concern Michael Novak Richard John Neuhaus Max Stackhouse and other defenders of democratic capitalism marshal a number of arguments in an attempt to show that among other things capitalism is more Christian in its foundation and consequences than is conceded by its critics that as Stackhouse and Lawrence Stratton write the roots of the modern corporation lie in the religious institutions of the West and that as Novak contends globalization is the natural ecology of Christianity The critics of liberal economics argue on the other hand that it is historically and theologically shortsighted to consider the global capitalist order and the liberalism that sustains it as the only available option Any system which has as its implicit logic that stable and preserving relationships among people places and things do not matter and are of no worth in the words of Wendell Berry should be regarded with grave suspicion by religious believers and all men and women of goodwill Bandow and Schindler take up these arguments and many others in their responses which carefully consider the claims of the essayists and thus pave the way for a renewed dialogue on the moral status of capitalism a dialogue only now re emerging from under the Cold War rubble The contributors fresh insightful examinations of the intersection between religion and economics should provoke a healthy debate about the intertwined issues of the market globalization human freedom the family technology and democracy

Missions and Money Jon Bonk, 2006 This revised edition of *Missions and Money* offers new reflections in the light of a changed situation in Christian missionary circles Bonk offers new reflections in the lights of a changed situation now marked by increases in the number of short term missionaries and increases in the numbers of Asians Africans and Latin Americans leaving their homelands to serve as missionaries to other people The conversation on the ambiguity of wealth and Christian missionary outreach is deepened with essays by Christopher J H Wright on the righteous rich in the Hebrew Bible and by Justo Gonzalez on faith and wealth in the Christian Bible and the early church Book jacket

Balch,2023-06-19 In this book the author draws on two original sources on a Greek biographer historian and rhetorician Dionysius of Halicarnassus as well as on Pompeian domestic art and architecture Generally NT scholars read texts but Greeks and ancient Romans loved beauty The walls and floors of their houses were decorated with thousands of colorful frescoes and mosaics art that two millennia later is still on display in Pompeii Christians lived and worshipped in those typical houses relating the art to NT texts generates many intriguing new questions What stories myths did Greeks and Romans see every day What were their sports and how violent were they Many NT scholars know as much or more Latin than they do Greek and they therefore cite the Latin historian Livy rather than the Greek Dionysius who wrote a century before the first Christian historian Luke Dionysius rhetoric expressed values shared across cultures by Greeks Romans and Jews e g by the historian and rhetorician Josephus some values that Luke also shares Dionysius makes clear that cities and ethnic groups had to praise how they treated emigrant foreigners questions handled differently by Josephus and by Luke This enables new interpretations of Jesus inaugural speech in Luke 4 and of Peter s second Pentecost speech in Acts 10 **Historic Proverbs**
