One More Mission A Journey From Childhood To War:

One More Mission Jesse Pettey, 2001-12-05 How often is it that we are fortunate enough to sit down and listen to first person accounts of a distant past not from a history book or a television documentary but from a human being who lived it experienced it and is willing to share it Jesse Pettey is one of these people who as a young man joined the military after the attack on Pearl Harbor because he felt it was his duty He learned to fly a PT 19 and moved on to a BT 13 During World War Two Pettey piloted a B 24 Liberator and flew his first combat mission in August of 1944 to be followed by 34 more One More Mission is not only an account of World War Two aerial combat missions with the 15th Air Force in Italy but of a young man s journey through a gauntlet of emotion growth and trying experiences Mr Pettey s glimpses into his past are a heartwarming journey to a different era a different pace and a different lifestyle His talent carries the reader along through his upbringing in East Texas through the precarious days of flight training and then on to the dangerous excitement of deadly combat over the skies of Europe And all the while you feel as if he s sitting across a table from you with a cup of coffee in hand sharing the times of his life with a close friend His story is well written yet personal inspiring and yet humble It is a story that demands sharing One More Mission is a journey not to be missed Reviewed by Denise M Clark 6 2002 www.deniseclark.com *The Washingtons. Volume 7, Part 2* Justin Glenn, 2016-09-19 Part of a series filled with gratifying detail about the ancestry of the first US President this volume contains the eleventh generation of descendants Robert K Krick author of *The Smoothbore Volley* that Doomed the Confederacy Stonewall Jackson at Cedar Mountain and Lee s Colonels This is the seventh volume of Dr Justin Glenn s comprehensive history that traces the Presidential line of the Washingtons Volume one began with the immigrant John Washington who settled in Westmoreland Co Va in 1657 married Anne Pope and became the great grandfather of President George Washington This volume contains the late nineteenth and twentieth century born descendants of John Washington s daughter Anne Washington Wright and as such transports the reader through many of the major historical events of those eras by providing the stories of the family members who lived through them Although structured in a genealogical format for the sake of clarity this is no bare bones genealogy but a true family history with over 1 200 detailed biographical narratives These in turn strive to convey the greatness of the family that produced not only The Father of His Country but many others great and humble who struggled to build that country It is surprising that no comprehensive family history has been published Justin M Glenn s *The Washingtons A Family History* finally fills this void for the branch to which General and President George Washington belonged identifying some 63 000 descendants John Frederick Dorman editor of *The Virginia Genealogist* 1957 2006 and author of *Adventurers of Purse and Person* **The Washingtons. Volume 5, Part 1** Justin Glenn, 2014-09-05 This is the fifth volume of Dr Justin Glenn s comprehensive history that traces the Presidential line of the Washingtons Volume One began with the immigrant John Washington who settled in Westmoreland Co Va in 1657 married Anne Pope and became the great grandfather of President George Washington It

continued the record of their descendants for a total of seven generations Volume Two highlighted notable family members in the next eight generations of John and Anne Washington s descendants including such luminaries as General George S Patton the author Shelby Foote and the actor Lee Marvin Volume Three traced the ancestry of the early Virginia members of this Presidential Branch back in time to the aristocracy and nobility of England and continental Europe Volume Four resumed the family history where Volume One ended and it contained Generation Eight of the immigrant John Washington s descendants Volume Five now presents Generation Nine including more than 10 000 descendants Future volumes will trace generations ten through fifteen making a total of over 63 000 descendants Although structured in a genealogical format for the sake of clarity this is no bare bones genealogy but a true family history with over 1 200 detailed biographical narratives These in turn strive to convey the greatness of the family that produced not only The Father of His Country but many others great and humble who struggled to build that country ADVANCE PRAISE I am convinced that your work will be of wide interest to historians and academics as well as members of the Washington family itself Although the surname Washington is perhaps the best known in American history and much has been written about the Washington family for well over a century it is surprising that no comprehensive family history has been published Justin M Glenn s The Washingtons A Family History finally fills this void for the branch to which General and President George Washington belonged identifying some 63 000 descendants This is truly a family history not a mere tabulation of names and dates providing biographical accounts of many of the descendants of John Washington who settled in Westmoreland County Virginia in 1657 Each individual section is followed by extensive listings of published and manuscript sources supporting the information presented and errors of identification in previous publications are commented upon as appropriate John Frederick Dorman editor of The Virginia Genealogist 1957 2006 and author of Adventurers of Purse and Person Decades of reviewing Civil War books have left me surprised and delighted when someone applies exhaustive diligence to a topic not readily accessible Dr Glenn surely meets that standard with the meticulous research that unveils the Washington family in gratifying detail many of them Confederates of interest and importance Robert K Krick author of The Smoothbore Volley that Doomed the Confederacy and Stonewall Jackson at Cedar Mountain

United States Air Force and Its Antecedents James T. Controvich, Martin Gordon, 2004-06-24 This bibliography lists published and printed unit histories for the United States Air Force and Its Antecedents including Air Divisions Wings Groups Squadrons Aviation Engineers and the Women s Army Corps

The Washingtons. Volume 2 Justin Glenn, 2014-07-29 This is the second volume of a comprehensive history that traces the Presidential line of the Washingtons Volume one began with the immigrant John Washington who settled in Westmoreland Co Va in 1657 married Anne Pope and was the great grandfather of President George Washington It continued the record of their descendants for a total of seven generations Volume two is a collection of notable descendants of the next eight generations of John and Anne Washington s descendants including such luminaries as General George S Patton the author

Shelby Foote and the actor Lee Marvin Future volumes will trace generations eight through fifteen making a total of over 63 000 descendants Although structured in a genealogical format for the sake of clarity this is no bare bones genealogy but a true family history with over 1 200 detailed biographical narratives These in turn strive to convey the greatness of the family that produced not only The Father of His Country but many others great and humble who struggled to build that country The Washingtons includes the time honored John Wright line which in recent years has been challenged largely on the basis of DNA evidence Volumes one and two form a set with a cumulative bibliography appearing at the end of volume two Best Jewish Books for Children and Teens Silver,2011-01-01 Linda Silver selected the titles that represent the best in writing illustration reader appeal and authentically Jewish content in picture books fiction and non fiction for readers ranging from early childhood through the high school years P 4 of cover *The Children's Story of the War* Edward Parrott,1918

Forgotten Heroes of World War II Thomas E. Simmons,2014-11-06 World War II was the defining event of the twentieth century For everyone it was a time of confusion fear destruction and death on a scale never before seen Much has been written of the generals campaigns and battles of the war but it was young ordinary American kids who held our freedom in their hands as they fought for liberty across the globe *Forgotten Heroes of World War II* offers a personal understanding of what was demanded of these young heroes through the stories of rank and file individuals who served in the navy marines army air corps and merchant marine in all theaters of the war Their tales are told without pretense or apology At the time each thought himself no different from those around him for they were all young scared and miserable They were the ordinary the extraordinary the forgotten **Mission Studies** ,1917 Men and Missions ,1914
