One Thousand Things Worth Knowing Paul Muldoon, 2015-01-13 Another wild expansive collection from the eternally surprising Pulitzer Prize winning poet Smuggling diesel Ben Hur the movie yes but also Lew Wallace's original book and Seosamh Mac Grianna's Gaelic translation a real trip to Havana an imaginary trip to the Chateau d'If Paul Muldoon's newest collection of poems his twelfth is exceptionally wide ranging in its subject matter as we've come to expect from this master of self reinvention He can be somber or quick witted often within the same poem The mournful refrain of Cuthbert and the Otters is I cannot thole the thought of Seamus Heaney dead but that doesn't stop Muldoon from quipping that the ancient Danes are already dyeing everything beige In anticipation perhaps of the carpet and mustard factories If this masterful multifarious collection does have a theme it is watchfulness War is to wealth as performance is to appraisal he warns in Recalculating And Source is to leak as Ireland is to debt Heedful hard won head turning heartfelt these poems attempt to bring scrutiny to bear on everything including scrutiny itself One Thousand Things Worth Knowing confirms Nick Laird's assessment in *The New York Review of Books* that Muldoon is the most formally ambitious and technically innovative of modern poets an experimenter and craftsman who writes poems like no one else *The Etymological Poetry of W. H. Auden, J. H. Prynne, and Paul Muldoon* Mia Gaudern, 2020-07-10 This book defines analyses and theorises a late modern etymological poetry that is alive to the past lives of its words and probes the possible significance of them both explicitly and implicitly Close readings of poetry and criticism by Auden Prynne and Muldoon investigate the implications of their etymological perspectives for the way their language establishes relationships between people and between people and the world These twin functions of communication and representation are shown to be central to the critical reception of etymological poetry which is a category of difficult poetry However resonant poetic etymologising may be critics warn that it shows the poet's natural interest in language degenerating into an unhealthy obsession with the dictionary It is unavoidably pedantic in the post Saussurean era to entertain the idea that a word's history might have any relevance to its current use As such etymological poetry elicits the closest of close readings thus encouraging readers to reflect not only on its own pedantry obscurity and virtuosity but also on how these qualities function in criticism As well as presenting a new way of reading three very different late modern poet critics this book addresses an understudied aspect of the relationship between poetry and criticism Its findings are situated in the context of literary debates about difficulty and diction and in larger cultural conversations about the workings of language as a historical event *Poetry & the Dictionary* Andrew Blades, Piers Pennington, 2020-03-26 *The Life of Words* David-Antoine Williams, 2020 Studies the role that etymologies and etymological thinking have played in the works of English language poets including Seamus Heaney R F Langley J H Prynne Geoffrey Hill and Paul Muldoon *Navigating the Transnational in Modern American Literature and Culture* Tara Stubbs, Doug Haynes, 2017-03-16 This study develops the important work carried out on American literature through the

frameworks of transnational transatlantic and trans local studies to ask what happens when these same aspects become intrinsic to the critical narrative Much cultural criticism since the 1990s has sought to displace perceptions of American exceptionalism with broader notions of Atlanticism transnationalism world system and trans localism as each has redefined the US and the world more generally This collection shows how the remapping of America in terms of global networks and as a set of particular localities or even glocalities now plays out in Americanist scholarship reflecting on the critical consequences of the spatial turn in American literary and cultural studies Spanning twentieth and twenty first century American poetry fiction memoir visual art publishing and television and locating the US in Caribbean African Asian European and other contexts this volume argues for a re modelling of American ness with the transnational as part of its innate rhetoric It includes discussions of travel migration disease media globalization and countless other examples of inflowing Essays focus on subjects tracing the contemporary contours of the transnational such as the role of the US in the rise of the global novel the impact of Caribbean history on American thought and vice versa transatlantic cultural and philosophical genealogies and correspondences and the exchanges between the poetics of American space and those of other world spaces Asking questions about the way the American eye has traversed and consumed the objects and cultures of the world but how that world is resistant this volume will make an important contribution to American and Transatlantic literary studies

and Medbh McGuckian By focusing on poems written between 1972 and 2015 this book examines each poet's attempt to find an apt way of articulating the anger, trauma and grief over the massacre with most of the poets continuously returning to the shooting in their poetry throughout their careers The monograph outlines how in the face of adversity the poets draw on old Irish literary traditions such as Gaelic laments and Aisling poetry which offer an indigenous anti colonial and counter hegemonic response to a massacre that was experienced as a colonial aggression It also discusses the complex relationship between poetry and politics and the negotiation between aesthetic freedom and the moral obligation to write about Bloody Sunday

The Modern Irish Sonnet Tara Guissin-Stubbs, 2020-10-10 The Modern Irish Sonnet: Revision and Rebellion discusses how and why the sonnet appeals to Irish poets and has grown in popularity over the last century Using a thematic approach Tara Guissin-Stubbs argues for the significance of the Irish sonnet as a discrete entity within modern and contemporary poetry and shows how the Irish sonnet has become a debating chamber for discussions concerning the relationship between Irish and British culture, poetry and gender and revision and rebellion The text reshapes the poetic and critical field exploring canonical and non canonical poems by male and female poets so as to challenge outmoded views of the thematic and formal limitations of the sonnet
