Normal Instructor ,1912 **The New Testament in Color** Esau McCaulley,Janette H. Ok,Osvaldo Padilla,Amy L. B. Peeler,2024-08-06 In this one volume commentary a multiethnic team of scholars holding orthodox Christian beliefs brings exegetical expertise coupled with a unique interpretive lens to illuminate the ways social location and biblical interpretation work together These diverse scholars offer a better vantage point for both the academy and the church *Zion's Herald* ,1900 *Appalling Bodies* Joseph A. Marchal,2020 The letters of Paul are among the most commonly cited biblical texts in ongoing cultural and religious disputes about gender sexuality and embodiment Appalling Bodies reframes these uses of the letters by reaching past Paul toward other far more fascinating figures that appear before after and within the letters The letters repeat ancient stereotypes about women eunuchs slaves and barbarians in their Roman imperial setting each of these overlapping groups were cast as debased dangerous and complicated Joseph Marchal presents new ways for us to think about these dangers and complications with the help of queer theory Appalling Bodies juxtaposes these ancient figures against recent figures of gender and sexual variation in order to defamiliarize and reorient what can be known about both The connections between the marginalization and stigmatization of these figures troubles the history ethics and politics of biblical interpretation Ultimately Marchal assembles and reintroduces us to Appalling Bodies from then and now and the study of Paul s letters may never be the same **Art and Archaeology** ,1916 **Normal Instructor and Teachers World** ,1911 **Before Color Prejudice** Frank M. Snowden,1983 In this richly illustrated account of black white contacts from the Pharaohs to the Caesars Frank Snowden demonstrates that the ancients did not discriminate against blacks because of their color For three thousand years Mediterranean whites intermittently came in contact with African blacks in commerce and war and left a record of these encounters in art and in written documents The blacks most commonly known as Kushites Ethiopians or Nubians were redoubtable warriors and commanded the respect of their white adversaries The overall view of blacks was highly favorable In science philosophy and religion color was not the basis of theories concerning inferior peoples And early Christianity saw in the black man a dramatic symbol of its catholic mission This book sheds light on the reasons for the absence in antiquity of virulent color prejudice and for the difference in attitudes of whites toward blacks in ancient and modern societies *The Dial* Francis Fisher Browne,Waldo Ralph Browne,Scofield Thayer,1915 *The Book News Monthly* ,1916 **The ring and the book.
