Sample-1

**This sample position paper was submitted by the delegation of Romania at the 2007 UNA-USA Model UN Conference in New York City*

Committee: International Labor Organization

Agenda: Globalization and Development

Country: Romania

In the past two decades the rapidly growing world trend has been toward globalization. With the emergence of the internet as a means of communication and the increasing accessibility of international trade physical barriers are not the only barriers withering away. Protective tariffs are plummeting and free trade agreements are becoming more prevalent. Romania appreciates that globalization creates favorable situations for expansion of commercial as well as economic assets. In the past year Romania has seen a foreign direct investment (FDI) increase of 199%. Inward FDI increased from EURO 234 million in 2005 to EURO 699 million in 2006. However, Romania realizes that increased globalization does not automatically produce more equality.

Globalization and Development can contribute to the advancement of the overall international human condition; however, the delegation of Romania recognizes that without proper regulation the potential for advancement will remain limited to an elite few individuals, businesses, and nations. Unless checked and aimed toward the common good, globalization cannot effectively serve the global community. Crucial in dealing with the complexities of globalization, good governance must act with solidarity and responsibility. Romania believes that in involving people in globalization we must promote moral values, democratic principles, inclusive global political culture, institutions that safeguard both individual civil rights and inherent freedoms, and the common good. In addition, coping with the influx of information from globalization governments must act with solidarity and insight. Access to digital education will undoubtedly result in the confidence of citizens in their respective administrations and allow for a greater degree of transparency, and therefore a lesser degree of corruption.

Romania believes the multinational business community has the ability and the obligation to support pertinent values in human rights, labor standards, and environmental preservation. As stated by the president, Mr. Traion Basescu, Romania feels a "heartfelt attachment to multilateralism, as an effective instrument designed to identify the adequate answers to the challenges brought by globalization."

The CQ Press Writing Guide for Public Policy Andrew Pennock, 2018-09-25 Winner of the 2019 Textbook Excellence Award. Texty from the Textbook Academic Authors Association (TAA). At the heart of policy analysis is giving advice about public issues, and the key to persuasive advice is clear and credible communication. In the CQ Press Writing Guide for Public Policy, Andrew Pennock draws on his years of experience as a professor, committee staffer, and policy consultant to impart useful practical lessons on how to write more effective issue briefs, legislative testimony, memos, policy histories, and op eds. Pennock provides potent insights into how to create first drafts, how to sharpen prose, how to communicate about complicated tables and figures, and how to write for nontraditional formats such as email and social media. This terrific book presents dozens of concrete tips and step-by-step instructions that should be required reading for all students in public affairs, undergraduate and graduate level programs.

Eric M. Patashnik, Brown University. The CQ Press Writing Guide for Public Policy is loaded with rich, real-world examples that help students master the process of translating insightful policy analysis into clear policy recommendations. Known for his conversational writing style, author Andrew Pennock offers step-by-step instructions on how to write for a variety of genres in a style that policy makers expect. Focusing on an audience-centered approach, students first learn how to create and organize an argument based on the unique needs and expectations of policy makers. The book then moves onto the nuts and bolts of how to write for a policy audience with special consideration of ethics and working with visual and technical material. Finally, the book provides practical guidance on writing in specific policy genres: policy memos, briefs, Op Eds, press releases, written testimony, social media, and emails.

Key Features: Basic policy writing tasks help students write sentences, paragraphs, and sections that make sense to readers and to professors. Students also learn how to create professional quality tables and figures that support their argument as well as how to package these components together effectively to communicate with policy makers. Six separate chapters for various public policy genres: issue briefs, legislative histories, decision memos, testimony, op eds, and new media provide students with an overview of the genre, several examples, and an analysis of each example. Current examples from across the field of public policy keep students engaged by connecting the concepts to current topics such as public health, the opioid epidemic, Native American
