ethnography of the decolonization of Maya ness **Salvadoran Imaginaries** Cecilia M. Rivas, 2014-03-31 Ravaged by civil war throughout the 1980s and 1990s El Salvador has now emerged as a study in contradictions It is a country where urban call centers and shopping malls exist alongside rural poverty It is a land now at peace but still grappling with a legacy of violence It is a place marked by deep social divides yet offering a surprising abundance of inclusive spaces Above all it is a nation without borders as widespread emigration during the war has led Salvadorans to develop a truly transnational sense of identity In *Salvadoran Imaginaries* Cecilia M Rivas takes us on a journey through twenty first century El Salvador and to the diverse range of sites where the nation s postwar identity is being forged Combining field ethnography with media research Rivas deftly toggles between the physical spaces where the new El Salvador is starting to emerge and the virtual spaces where Salvadoran identity is being imagined including newspapers literature and digital media This interdisciplinary approach enables her to explore the multitude of ways that Salvadorans negotiate between reality and representation between local neighborhoods and transnational imagined communities between present conditions and dreams for the future Everyday life in El Salvador may seem like a simple matter but Rivas digs deeper across many different layers of society revealing a wealth of complex feelings that the nation s citizens have about power opportunity safety migration and community Filled with first hand interviews and unique archival research *Salvadoran Imaginaries* offers a fresh take on an emerging nation and its people
