Rights After more than two decades of lobbying and public education a long range carefully orchestrated litigation campaign was launched Segregation would be challenged with lawsuits insisting that black schools be made physically and otherwise equal to white schools The lawyers calculated that the resulting burden and expense would ultimately cause segregation to collapse under its own weight A series of successful equalization suits spanning over two decades laid the foundation for the direct challenge in Brown v Board of Education That 1954 decision inspired a large scale grass roots Civil Rights Movement A decade of marches boycotts and mass protests persuaded Congress to enact the Civil Rights laws of the 1960s Today conditions for ethnic minorities are far better than they were a generation ago However the story of the nation s black and brown communities is a tale of two cities one prosperous educated and affluent adjacent to another suffering from grinding poverty and a lack of opportunities for advancement For those able to take advantage of the opportunities created by the Civil Rights revolution the gains have been dramatic For those left behind in impoverished communities the obstacles to advancement are more daunting today than they were a generation ago
