October November 2014 Paper 2 24024:

The gift of life J.M. Vorster, 2021 The concept human life and what it entails have become a prominent idea in current theological ethical discourses especially in the growing Christian reflection on bioethics eco ethics and social justice Contemporary Christian ethicists focus on concepts such as flourishing life happiness and joy and how these deep human desires can be realised and fulfilled in life today amidst perennial surges of racism xenophobia sexism systemic violence and policies and structures which further poverty and other forms of social injustices Christian soteriology and subsequent moral agency grapples with the question How can humans flourish in societies today and how should Christian morality be defined and designed to be instrumental in the current pursuit of happiness joy and hope This publication aims to participate in this modern day discourse by proposing relevant theological perspectives on the concept of life and in particular its relevance for Christians living in this age and in an environment that poses major challenges to public morality and the common good In conjunction with the emerging theological interest in the concept of life this project is a modest attempt to take part in the advancement of an ethic of life for today under the rubric of an ethic of flourishing personhood The point of departure is the biblical concept of the gift of life and what this gift entails for understanding human life personhood and moral agency today The line of reasoning in this book delineates the broad concept ethic of life and the biblical concept gift of life and draws the line towards an ethic of flourishing personhood The central theoretical argument of the study is that reformed theology can give direction to the contemporary theological search for meaning and purpose of human life and offer answers to the questions on life facing humanity today especially by pursuing the idea of flourishing personhood Statecraft and Foreign Policy Subrata K. Mitra, Jivanta Schottli, Markus Pauli, 2023-12-15 Statecraft and Foreign Policy provides an in depth understanding of India's rise as an economic and political power and its role in addressing global challenges from climate change to international trade security health and energy It focuses on India's statecraft and foreign policy from its independence in 1947 to current politics and policies in 2023 75 years later The book has three main sections focusing on the evolution of India's foreign policy after Independence its transformation after the Cold War and as India's economic and political power grew and India's engagement with major powers like the US China and Russia neighbouring countries and international institutions The analysis draws on International Relations Theory Foreign Policy Analysis and the work of classic Indian thinkers like Kautilya It combines evaluating domestic and international influences on India's statecraft and foreign policy The authors introduce a toolbox for studying the making and the outcomes of Foreign Policy based on an analysis of interests perceptions and values This analytical framework goes beyond the Indian case study and can be applied to International Relations Comparative Politics and Foreign Policy Analysis Praise for Statecraft and Foreign Policy Mitra Schottli and Pauli have crafted a remarkably deep analysis of India's foreign policy They have not only reviewed the details of India's foreign affairs itself no small task but they have done so in an analytic framework grounded in a profound evaluation
