Oeuvres De Benjamin Constant:

Oeuvres de Benjamin Constant Benjamin Constant, 1931 [Benjamin Constant and the Birth of French Liberalism](#) K. Steven Vincent, 2011-01-12 This book advances a new interpretation of the timing and character of French and more broadly European liberalism and contributes to the ongoing debate concerning the place of morality sociability and conceptions of the self in modern liberal thought **Benjamin Constant** Dennis Wood, 2002-09-11 For forty years I have defended the same principle freedom in everything in religion in philosophy in literature in industry in politics and by freedom I mean the triumph of the individual Constant thus summarized his beliefs at the end of his life A political theorist and a passionate defender of individual liberty he was also the author of one of the greatest French novels of psychological insight *Adolphe* In a major new biography Dennis Wood traces the development of Constant as a writer centrally preoccupied with the problematics of freedom not only in the fields of politics and religious belief but also in his own troubled relationship with several women *Bibliographie critique des œuvres de Benjamin Constant* Gustave Rudler, 1909 **Benjamin Constant's Philosophy of Liberalism** Guy H. Dodge, 2012-06-01 This first work in English to focus on Constant as a political theorist shows that his thinking was molded by the French Revolution of 1789 and by Napoleon's regime Constant is identified as the first to recognize Bonapartism as a new form of despotism arising from the theory of popular sovereignty which is still the basis for modern Fascist and Communist regimes His political thought is analyzed within the framework of his philosophy of history law ethics and religion Originally published in 1980 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value **Oeuvres Politiques de Benjamin Constant - Primary Source Edition** Benjamin Constant, Charles Louandre, 2013-11 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book **A Bibliography of Editions of the Writings of Benjamin Constant to 1833** Cecil Patrick Courtney, 1981 **Benjamin Constant** Elizabeth Wheeler Schermerhorn, 1924 *Analyse Biographie de Constant* [Oeuvres de Benjamin Constant](#) Benjamin Constant, 1889 **Constant: Political Writings** Benjamin Constant, 1988-11-10 This 1988 book is an English translation of the major political works of Benjamin Constant **Germaine de Staël and Benjamin Constant** Renee Winegarten, 2008-01-01 When they first met in 1794 shortly after the Reign of Terror Germaine de Staël and Benjamin Constant were both in their twenties both married and both outsiders She was already celebrated and a published writer

whereas he though ambitious was unknown This compelling dual biography tells the extraordinary story of their union and disunion set against a European background of momentous events and dramatic social and cultural change Renee Winegarten offers new perspectives on each of the protagonists revealing their rare qualities and their all too human failings as well as the complex nature of their debt to one another Their passionate and productive relationship endured on and off for seventeen years Winegarten traces their story largely through their own words letters and autobiographical writings and illuminates the deep intellectual and visceral bond they shared despite disparate personalities and gifts Exploring their relationships with Napoleon and the Bourbons their different responses to the momentous upheavals of postrevolutionary France their support of individual liberty with order and more the book concludes with an appreciation of de Sta l s and Constant s singular contributions to a new literature and to the history of liberty

Of Changes in Benjamin Constant's Books on Religions Helen H. S. Hogue,1964

The Visible and the Invisible in the Interplay between Philosophy, Literature and Reality Anna-Teresa Tymieniecka,2012-12-06 Merleau Ponty s categories of the visible and the invisible are investigated afresh and with originality in this penetrating collection of literary and philosophical inquiries Going beyond the traditional and current references to the mental and the sensory mind and body perceptual content and the abstract ideas conveyed in language etc these studies range from the hidden spheres of reality to the play of the visible and the invisible left as traces in works of human genius the origins of intellect and language the real and the imaginary in literature and the hidden realities in the philosophy of the everyday world These literary and philosophical probings collectively reveal the role of this disjoined conjoined pairing in the ontopoietic establishment of reality that is in the manifestation of the logos of life In tandem they bring to light the hidden play of the visible and the invisible in the emergence of our vital societal intimate intellectual and creative involvements

A History of French Literature Charles Henry Conrad Wright,1925

The Guardian of the Constitution ,2015-02-19 This volume provides the first English translation of Hans Kelsen s and Carl Schmitt s influential Weimar era debate on constitutional guardianship and the legitimacy of constitutional review It includes Kelsen s seminal piece The Nature and Development of Constitutional Adjudication as well as key extracts from the Guardian of the Constitution which present Schmitt s argument against constitutional review Also included are Kelsen s review of Schmitt s Guardian of the Constitution as well as some further material by Kelsen and Schmitt on presidential dictatorship under Article 48 of the Weimar Constitution These texts show Kelsen and Schmitt responding to one another in the context of a debate focused on a concrete constitutional crisis thus allowing the reader to assess the plausibility of Kelsen s and Schmitt s legal and constitutional theories

De La Justice Politique W. Godwin,1972-06-30

Jean-Jacques Rousseau and the 'Well-Ordered Society' Maurizio Viroli,1988 This book studies a central but hitherto neglected aspect of Rousseau s political thought the concept of social order and its implications for the ideal society which he envisages The antithesis between order and disorder is a fundamental theme in Rousseau s work and the author takes it as the basis for this study In

contrast with a widely held interpretation of Rousseau's philosophy Professor Viroli argues that natural and political order are by no means the same for Rousseau He explores the differences and interrelations between the different types of order which Rousseau describes and shows how the philosopher constructed his final doctrine of the just society which can be based only on every citizen's voluntary and knowing acceptance of the social contract and on the promotion of virtue above ambition The author also shows the extent of Rousseau's debt to the republican tradition and above all to Machiavelli and revises the image of Rousseau as a disciple of the natural law school The Cambridge Companion to Constant Helena Rosenblatt, 2009-04-13 Benjamin Constant is widely regarded as a founding father of modern liberalism The Cambridge Companion to Constant presents a collection of interpretive essays on the major aspects of his life and work by a panel of international scholars offering a necessary overview for anyone who wants to better understand this important thinker Separate sections are devoted to Constant as a political theorist and actor his work as a social analyst and literary critic and his accomplishments as a historian of religion Themes covered range from Constant's views on modern liberty progress terror and individualism to his ideas on slavery and empire literature women and the nature and importance of religion The Cambridge Companion to Constant is a convenient and accessible guide to Constant and the most up to date scholarship on him **Sovereignty, Civic Participation, and Constitutional Law** Brecht Deseure, Raf Geenens, Stefan

Sottiaux, 2021-04-13 This book brings recent insights about sovereignty and citizen participation in the Belgian Constitution to scholars in the fields of law philosophy history and politics Throughout the Western world there are increasing calls for greater citizen participation Referendums citizen councils and other forms of direct democracy are considered necessary antidotes to a growing hostility towards traditional party politics This book focuses on the Belgian debate where the introduction of participatory politics has stalled because of an ambiguity in the Constitution Scholars and judges generally claim that the Belgian Constitution gives ultimate power to the nation which can only speak through representation in parliament In light of this direct democracy would be an unconstitutional power grab by the current generation of citizens This book critically investigates this received interpretation of the Constitution and by reaching back to the debates among Belgium's 1831 founding fathers concludes that it is untenable The spirit if not the text of the Belgian Constitution allows for more popular participation than present day jurisprudence admits This book is the first to make recent debates in this field accessible to international scholars It provides a rare source of information on Belgium's 1831 Constitution which was in its time seen as modern constitutionalism's greatest triumph and which became a model for countless other constitutions Yet the questions it asks reverberate far beyond Belgium Combining new insights from law philosophy history and politics this book is a showcase for continental constitutional theory It will be a valuable resource for academics and researchers in constitutional law political and legal philosophy and legal history *A Critical Bibliography of French Literature V4 18th C ,*
