Off the Record Craig Gordon, Stephen Kindel, 2001-09-18 A Wall Street maverick shows investors how to find the next Home Depot Cisco or Microsoft before the Wall Street establishment When it comes time to making a major purchasing decision a car or house say most people will do their homework and find sources of independent information to help determine whether it s a good buy The same is true when you face a serious medical decision Would you rely on someone touting Dr X s skills on a television show and then call up the good doctor to arrange for an operation Not likely Then why don t we do the same kind of thorough kick the tires research when it comes to making investing decisions that will have a big impact on our financial future Many of us either don t know how or don t think we have the time We rely instead on those we think are the experts the big brokerage houses for example But Craig Gordon has a little secret to share with you Too many so called investing experts don t do their homework either making due with company announcements and meetings with management for their information and recommendations about whether to buy a stock They re not doing marketplace checks and talking with customers suppliers and competitors to see what is really happening in the market By the time a stock is being touted by one of the big brokerage firms or stories start to circulate in the investing media the game is over What was a great value becomes overpriced and known by just about everyone The secret to making money is to do it the old fashioned way take the pulse of the marketplace gather data and spot trends not by relying on tips and speculation Home Depot not so long ago was a mere four store chain in Atlanta that started to expand into the Florida market At the same time the do it yourself trend was taking off and those investors who had reliable information about the quality of Home Depot s management and the response by consumers to this new kind of store were able to make a lot of money much more money than those who waited until Home Depot was a household name and analysts were making enthusiastic predictions in the media There is a method to finding the next Home Depot Cisco or Microsoft Craig Gordon shows you how to do it by sharing his secrets of profitable intelligence gathering He and his team at OTA Off the Record Research have been turning up the trends and shifts in the marketplace before Wall Street even figures out what is going on In fact leading Wall Street firms hire him to tell them what is happening so they can decide what to buy or sell Gordon s system is a method in the tradition of Beat the Street by Peter Lynch and The Intelligent Investor by Benjamin Graham And it s a method investors can use to get results that beat market averages

Off the Record Tim Skubick, 2009-04-24 For more than thirty years Tim Skubick has opened the door of state government with reporting that has taken us behind the scenes onto the legislative floor and even into the Governor s office His passionate brand of journalism has made an indelible mark on Lansing and on Michigan s political history Governor Jennifer M Granholm Chatty anecdotal and sure to please political junkies Meegan Holland Booth Newspapers In the last thirty four years Michigan residents have elected four governors Milliken Blanchard Engler and the state s first female chief executive Jennifer Granholm We have lived through the PBB poisoning of our food chain seen

governors and lieutenant governors battling for supremacy watched women emerge as a powerful political force and endured an endless cast of characters clowns crooks and class acts on our political stage Only one political journalist has had a front row seat for all of these events and countless other stories that have shaped our lives since 1969 Now widely acclaimed TV radio anchor and newspaper columnist Tim Skubick takes you behind the headlines for his inside skinny on Granholm s meteoric rise to governor and speculation that she d make a great U S president He also dissects the stunning upset victory of John Engler over Jim Blanchard and walks you through the grueling twenty four year journey to push property tax relief through a recalcitrant state legislature Skubick brings his breezy and witty writing style to a first of its kind book that reveals an insider s edition of the stories about the stories you ve never read before Off the Record puts you in a front row seat right next to the author and the politicians in a history making book about Michigan politics If you love the great state of Michigan you ll love this book

The Cambridge Companion to Recorded Music Nicholas Cook,2009-11-26 Featuring fascinating accounts from practitioners this Companion examines how developments in recording have transformed musical culture

Dig David Nichols,2016-10-11 David Nichols tells the story of Australian rock and pop music from 1960 to 1985 formative years in which the nation cast off its colonial cultural shackles and took on the world Generously illustrated and scrupulously researched Dig combines scholarly accuracy with populist flair Nichols is an unfailingly witty and engaging guide surveying the fertile and varied landscape of Australian popular music in seven broad historical chapters interspersed with shorter chapters on some of the more significant figures of each period The result is a compelling portrait of a music scene that evolves in dynamic interaction with those in the United States and the UK yet has always retained a strong sense of its own identity and continues to deliver new stars and cult heroes to a worldwide audience Dig is a unique achievement The few general histories to date have been highlight reels heavy on illustration and short on detail And while there have been many excellent books on individual artists scenes and periods and a couple of first rate encyclopedias there s never been a book that told the whole story of the irresistible growth and sweep of

a national music culture Until now
