

Official SAT® Practice Test 2011-12

Taking the Practice Test

The practice test will help you most if you take it under conditions as close as possible to those of the actual test.

- **Set aside 3 hours and 20 minutes of uninterrupted time**
That way you can complete the entire test in one sitting. *Note:* The total testing time is 3 hours and 45 minutes, but you save 25 minutes because the unscored section* from this practice test was omitted.
- **Sit at a desk or table cleared of any other papers or books**
You won't be able to take a dictionary, books, notes, or scratch paper into the test room.
- **Allow yourself the specified amount of time for each section**
Pace yourself by using a watch (without an audible alarm), which is what you are allowed to use on test day.
- **Have a calculator at hand when you take the math sections**
This will help you determine how much to use a calculator the day of the test. Use a calculator with which you are familiar—preferably the same calculator you will use on test day.
- **Read the test instructions carefully**
They are reprinted from the back cover of the test book. On test day, you will be asked to read them before you begin answering questions.
- **Make sure you use a No. 2 pencil**
It is very important that you fill in the entire circle on the answer sheet darkly and completely. If you change your response, erase it as completely as possible. It is very important that you follow these instructions when filling out your answer sheet.
- **Record your answers on paper, then score your test**
Use the answer sheet when completing a practice test on paper to simulate the real testing environment. After completing the practice test, you can score the test yourself with "Scoring Your Test," or you can return to collegeboard.com to enter your answers online and receive a score report and answer explanations.
