human and animal efforts to understand, manipulate, care for and interact with each other. From nineteenth century disapproval of what was seen as irresponsibly indulgent pet ownership among the poor to Bill Clinton's caring and fun-loving image and populist connection to the common person as achieved through his Labrador companion Buddy, Sanders looks at how dogs serve not only as social facilitators but also as adornments to social identity. He also reveals how while we often strive to teach and shape our dogs' behavior, dogs often teach us to appreciate with more awareness a nourishing meal, physical warmth, a walk in the woods and the simple joys of the immediate moment. Sanders devotes chapters to the specialized work of guide dog trainers, the problems and joys experienced by guide dog owners, the day-to-day work of veterinarians dealing with the healing, death and euthanizing of their animal patients and the everyday interactions, assumptions and approaches of people who choose, for various reasons and in various ways, to spend their lives in the company of dogs. *Understanding Dogs* will interest those who live and work with animals as well as those studying the sociology of human-animal interactions. *The Farmers' Advocate and Home Magazine*, 1921

**The Secret Language of Dogs** Jocelyn Kessler, 2025-09-12 Have you ever wondered what your dog is thinking? Dog trainer, healer and counselor Jocelyn Kessler asserts that while your dog does not speak English, he or she is communicating with you all of the time. In *The Secret Language of Dogs*, Kessler explains the importance of learning how to listen to your pet by learning to read the behavioral and energetic traits of your dog. Based on her years of experience with dogs and their owners in Southern California, Kessler explains how energy flows between pets and their owners and what the implications of that energy flow are for both parties. Her stories show how we often inflict our own emotional issues onto our pets and how negative energy can result in both behavioral and physical difficulties. In addition to the stories, she provides concrete tips on how to connect with your pet. Where to Connect Visualization Declarations Acknowledgements Giving thanks
