MRCS William E. G. Thomas, Michael G Wyatt, 2015-04-07 For over 30 years Surgery has been at the forefront of providing high quality articles written by experienced authorities and designed for candidates sitting the Intercollegiate surgery examinations The journal covers the whole of the surgical syllabus as represented by the Intercollegiate Surgical Curriculum Each topic is covered in a rolling programme of updates thus ensuring contemporaneous coverage of the core curriculum For the first time the articles on orthopaedic surgery are now available in ebook format This collection of over 40 articles will be ideal for revision for the Intercollegiate MRCS examination as well as a useful update for all seeking to keep abreast with the latest advances in this particular branch of surgery All the articles are written to correspond with the Intercollegiate Surgical Curriculum These high calibre and concise articles are designed to help you pass the MRCS examinations The ebook contains both basic scientific and clinical articles Also includes both related MCQ and extended matching questions to test your understanding of the contents *RACE & ETHIC'S SAPIENS* Augustin Ostace, 2019-01-09 The title in itself is intended to be an encouragement of our Ethics Commission of the United States Congress to which was addressed a petition about a year ago January 2017 regarding the misusing and abusing of the concept of RACE in regarding Species Sapiens Genus Gattung Homo in our American Constitution It is in some way understandable that the human history including the history of the American People has had in its entirety many white links throughout its genesis phases throughout its evolutionary and devolutionary periods and throughout its controversial becoming and fulfillments But to persist in a such dramatic controversial field of different RACE within Species Sapiens Genus Homo Hominid Family Order Primate Class Mammalia Phylum Stamm Vertebrata Kingdom Animalia despite of all anthropological physiological and genetically advancements in the last 50 years including Human Genom Project is a dangerous disregarding of all scientific arguments which are supporting beyond of any doubt that the Species Sapiens is a Species without different Races within Sapientologist
