**Directions: Read the following essay. Along with the overhead, breakdown the structure of the essay. ALL PERSUASIVE ESSAYS NEED TO LOOK LIKE THIS!!!*

As the teacher calls on Jimmy to give his opinion on the topic the class was discussing, she can't help but notice the incredible wad of bright pink chewing gum in his mouth. Not only will it be hard to understand Jimmy, but also she'll be lucky if Jimmy can get out his thoughts without choking on the mouthful! This is only one of the many concerns teachers face daily as chewing gum continues to show up in classrooms, despite the school rule that it is banned. Students should not chew gum in class because it acts as a distraction to others, it is a health issue, and it is a safety issue. If students continue to disregard the rules, consequences will need to become more severe.

Chewing gum acts as an incredible distraction to students and teachers. It has become a common practice for some students to be known as "suppliers" of gum. These students will bring multiple packs of gum to school to share with their friends and classmates. It seems to be quite an epidemic when one student asks the "supplier" for a piece of gum. Suddenly everyone feels the need to do the same thing. This can take away valuable class time and makes many students lose focus on the topic being discussed. In addition, once the students have gum it appears that the need arises to chew this gum with such force that one would think it was the last piece of gum on earth. The open-mouthed, "chewing like a cow" that occurs is absolutely the most annoying thing in the world! The distraction factor alone is enough for most teachers to want gum out of their classrooms.

Persuasive Essay On Egypt Protests:

Egypt in Flux Adel Iskandar, 2013-05-01 No chapter in Egypt's contemporary history has been more turbulent and unpredictable than the past three years. In a very short period of time, the Arab world's most populous country has seen a transition from rule by an iron-fisted dictatorship to a populist uprising to military omnipotence to Islamist electoral victory to constitutional turmoil to societal polarization. Egypt's iconic revolution has been neither victorious nor defeated. *Egypt in Flux* is a collection of essays on the political, social, economic, and cultural dimensions of change in the country's ongoing revolutionary current. From the conditions that precipitated the uprising and the eruption of national dissent to the derailing of the revolution, the author reflects on the pressing topics of the day while being mindful of the counterrevolutionary movements and the continuation of the Revolution. From discussions about the illusion of fair and free elections, social inequities, and labor disparity to examinations of religion, sports, literature, and sexuality, the essays in this valuable and intellectually stimulating volume chart both the broad lines and the nuances of an unfinished revolution.

Revolutionary Art and Politics in Egypt Rounwah Adly Riyadh Bseiso, 2023-01-26 This book examines the role of artists in Egypt during the 2011 revolution when street art, from graffiti to political murals, became ubiquitous facets of revolutionary spaces. Through interviews, personal testimonies, and accounts of the lived experience of 25 street artists, the book explores the meaning of art in revolutionary political contexts, specifically by focusing on artistic production during liminal moments as the events of the Egyptian revolution unfolded. The author privileges the perspective of the actors themselves to examine the ways that artists reacted to events and conceived of their art as means to further the goals of the revolution. Based on fieldwork conducted in the years since 2011, the book provides a narrative of Egyptian artists' participation in and representations of the revolution from hopeful beginnings to the subsequent crackdown and election of al Sisi.

Resistance, Dissidence, Revolution Viola Shafik, 2023-03-31 Situated within an emerging academic interest in documentary film in the Middle East and North Africa, this book studies the development of diverse documentary forms in relation to revolutionary and emancipatory movements that took place across the twentieth century in the so-called Arab World. Inspired by Deleuze and Guattari's image of a rhizome, the author takes a de-territorialized approach to revolutionary filmmaking, embracing the diversity and fluidity of revolutionary works in the Arab World. As well as outlining the documentary film histories of the main film-producing nations of the region—Syria, Lebanon, Palestine, Egypt, Tunisia, Algeria, and Morocco—the book analyzes the formal and esthetic features of individual works in relation to specific socio-political historical developments. Topics addressed include de-colonization, the wars of liberation, the Tricontinental movement, the Palestinian question, the Rif Uprising, the Leaden and Black Years civil war in Lebanon, the recent Arab revolutions, state authoritarianism and totalitarianism, gender, collectivism, and political subjectivity. Ultimately, the book contributes to a general theory of revolutionary documentary film forms by studying the works of consecutive periods from different ideological contexts. The book is much-needed reading for students and
